Aemilia Lanyer as Shakespeare's Co-Author Mark

Bradbeer.2022-03-31 This book presents original material which indicates that Aemilia Lanyer - female writer, feminist, and Shakespeare contemporary - is Shakespeare's hidden and arguably most significant co-author. Once dismissed as the mere paramour of Shakespeare's patron, Lord Hunsdon, she is demonstrated to be a most articulate forerunner of #MeToo fury. Building on previous research into the authorship of Shakespeare's works, Bradbeer offers evidence in the form of three case studies which signal Aemilia's collaboration with Shakespeare. The first case study matches the works of George Wilkins - who is currently credited as the co-author of the feminist Shakespeare play Pericles (1608) - with Aemilia Lanyer's writing style, education, feminism and knowledge of Lord Hunsdon's secret sexual life. The second case-study recognizes Titus Andronicus (1594), a play containing the characters Aemilius and Bassianus, to be a revision of the suppressed play Titus and Vespasian (1592), as authored by the unmarried pregnant Aemilia Bassano, as she then was. Lastly, it is argued that Shakespeare's clowns, Bottom, Launce, Malvolio, Dromio, Dogberry, Jaques, and Moth, arise in her deeply personal war with the misogynist Thomas Nashe. Each case study reveals new aspects of Lanyer's feminist activism and involvement in

Shakespeare's work, and allows for a deeper analysis and appreciation of the plays. This research will prove provocative to students and scholars of Shakespeare studies, English literature, literary history, and gender studies.

the Fraternity of the Inner Light, who were unable to hold meetings due to wartime travel restrictions. With enemy planes rumbling overhead, she organised a series of visualisations to formulate seed ideas in the group mind of the race, archetypal visions to invoke angelic protection and uphold British morale under fire. The war has to be fought and won on the physical plane, she wrote, before physical manifestation can be given to the archetypal ideals. What was sown will grow and bear seed. As the war developed, this was consolidated with further work for the renewal of national and international accord. For the first time the Fraternity's doors were opened to anyone who wanted to join in and learn the previously secret methods of esoteric mind-working. With unswerving optimism she guided her fraternity through the dark days of the London Blitz, continuing her weekly letters even when the bombs came through her own roof.

The Parisian Isabella Hammad. 2019-04-09 A masterful debut novel by Plimpton Prize winner Isabella Hammad, *The Parisian* illuminates a pivotal period of Palestinian history through the journey and romances of one young man, from his studies in France during World War I to his return to Palestine at the dawn of its battle for independence. Midhat Kamal is the son of a wealthy textile merchant from Nablus, a town in Ottoman Palestine. A dreamer, a romantic, an aesthete, in 1914 he leaves to study medicine in France, and falls in love. When Midhat returns to Nablus to find it under British rule, and the entire region erupting with nationalist fervor, he must find a way to cope with his conflicting loyalties and the expectations of his community. The story of Midhat's life develops alongside the idea of a nation, as he and those close to him confront what it means to strive for independence in a world that seems on the verge of falling apart. Against a landscape of political change that continues to define the Middle East, *The Parisian* explores questions of power and identity, enduring love, and the uncanny

ability of the past to disrupt the present. Lush and immersive, and devastating in its power, *The Parisian* is an elegant, richly-imagined debut from a dazzling new voice in fiction.

Writing With Power Peter Elbow.1998-07-09 A classic handbook for anyone who needs to write, *Writing With Power* speaks to everyone who has wrestled with words while seeking to gain power with them. Here, Peter Elbow emphasizes that the essential activities underlying good writing and the essential exercises promoting it are really not difficult at all. Employing a cookbook approach, Elbow provides the reader (and writer) with various recipes: for getting words down on paper, for revising, for dealing with an audience, for getting feedback on a piece of writing, and still other recipes for approaching the mystery of power in writing. In a new introduction, he offers his reflections on the original edition, discusses the responses from people who have followed his techniques, how his methods may differ from other processes, and how his original topics are still pertinent to today's writer. By taking risks and embracing mistakes, Elbow hopes the writer may somehow find a hold on the creative process and be able to heighten two mentalities--the production of writing and the revision of it. From students and teachers to novelists and poets, *Writing with Power* reminds us that we can celebrate the uses of mystery, chaos, nonplanning, and magic, while achieving analysis, conscious control, explicitness, and care in whatever it is we set down on paper.

Windmills in My Oven Gaitri Pagrach-Chandra. 2002 Sugar, spice, and all things nice: what say you to cookies, tarts, pies, cakes, flans, gingerbread, wafers, waffles and pancakes? Dutch baking has them all: it mines the mother-lodes of comfort, luxury and temptation to devastating effect. This book explores the history and customs of the Dutch bakehouse while offering excellent recipes well-suited to the modern kitchen. There is no better teatime treat than Gaitri's spiced apple tart. The breads and cakes are simply delicious, the stuff of many a childhood dream; and the biscuits are crisp, rich and buttery. If you eat cookies (rather than biscuits) with your morning coffee you are plugging into a great tradition of baking, for cookie is originally a Dutch word, which crossed the Atlantic with settlers taking their biscuits, cakes, tarts and breads with them. Because of Holland's long history of trade and exploration in the East Indies, these recipes are heady with the aromas of the spice bazaar. And the wafers, waffles, loaves and other delicacies are often loaded with a rich tradition of local preferences and folk custom. Gaitri explains many of these, showing to perfection how cookery can be a way of understanding just as potent as the driest, most

scholarly thesis. Then you can eat and enjoy the results. The text is in ten sections, each has an historical introduction and places the particular type of cake or bread in the context of everyday life. Gaitri Pagrach-Chandra is Guyanese by birth, but has lived in Holland for much of her life since university. As a wife and mother, and a student of history, she has the ideal qualifications for writing this book. And she has illustrated it with her own photographs of life and cookery in her home and the towns and villages around.
