Global Perspectives on Sports and Christianity Afe Adogame,Nick J. Watson,Andrew Parker.2017-11-09 While the relationship between sport and religion is deeply rooted in history, it continues to play a profound role in shaping modern-day societies. This edited collection provides an inter-disciplinary exploration of this relationship from a global perspective, making a major contribution to the religious, social scientific and theological study of sport. It discusses the dialectical interplay between sport and Christianity across diverse cultures, extending beyond a Western perspective to include studies from Africa, South America and Asia, as well as Europe, the UK and the US. Containing contributions from leading experts within the field, it reflects on key topics including race, gender, spirituality, morality, interfaith sport clubs, and the significance of sport in public rituals of celebration and mourning. Its chapters also examine violent sports such as boxing and mixed martial arts, as well as reflecting on the cult of sporting celebrity and the theology of disability sport. Truly international in scope, *Global Perspectives on Sports and Christianity* is fascinating reading for all those interested in the study of sport, sociology and religion.

Everything Is A Deathly Flower Mohale, Maneo.2019-08-23 dear reader, are you still there? take a second, now. breathe // with me. In one of the most anticipated debut collections of recent years, Maneo Mohale reckons boldly with the experience of - and the reconstruction of a life after - a sexual assault. Mohale's unapologetic and disarming voice carries through a budding and blooming garden of poetics, rooted in a contemporary southern African tradition, but springing forth in queer and radical new directions. Indeed, this is a work encompassing the full, often contradictory, and seldom complete process of healing: where relations must be chosen as well as made; where time becomes non-linear and language insufficient; where nothing is what it seems, yet everything is what it is.

Of Land, Bones, and Money Emily McGiffin.2019-07-18 The South African literature of iimbongi, the oral poets of the amaXhosa people, has long shaped understandings of landscape and history and offered a forum for grappling with change. *Of Land, Bones, and Money* examines the shifting role of these poets in South African society and the ways in which they have helped inform responses to segregation, apartheid, the injustices of extractive capitalism, and contemporary politics in South Africa. Emily McGiffin first discusses the history of the amaXhosa people and the environment of their homelands before moving on to the arrival of the British, who began a relentless campaign annexing land and resources in the region. Drawing on scholarship in the fields of human geography, political ecology, and postcolonial ecocriticism, she considers isiXhosa poetry in translation within its cultural, historical, and environmental contexts, investigating how these poems struggle with the arrival and expansion of the exploitation of natural resources in South Africa and

the entrenchment of profoundly racist politics that the process entailed. In contemporary South Africa, iimbongi remain a respected source of knowledge and cultural identity. Their ongoing practice of producing complex, spiritually rich literature continues to have a profound social effect, contributing directly to the healing and well-being of their audiences, to political transformation, and to environmental justice.

Going to the Mountain Ndaba Mandela.2018-06-26 The first-ever book to tell Nelson Mandela's life through the eyes of the grandson who was raised by him, chronicling Ndaba Mandela's life living with, and learning from, one of the greatest leaders and humanitarians the world has ever known. To the rest of the world, Nelson Mandela was a giant: an anti-apartheid revolutionary, a world-renowned humanitarian, and South Africa's first black president. To Ndaba Mandela, he was simply Granddad. In *Going to the Mountain*, Ndaba tells how he came to live with Mandela shortly after he turned eleven--having met each other only once, years before, when Mandela was imprisoned at Victor Verster Prison--and how the two of them slowly, cautiously built a relationship that would affect both their lives in extraordinary ways. It wasn't an easy transition. Mandela had high expectations for those around him, especially his family, and Ndaba chafed at the strict rules and exacting guidelines in his grandfather's home. But at the same time--through overheard calls from foreign dignitaries as well as the Xhosa folk wisdom that his grandfather shared with him at every opportunity--Ndaba was learning how to be a man. On a scale both personal and epic, Ndaba's extraordinary journey mirrors that of South Africa's coming of age--from the segregated Soweto ghettos into which he was born to the privileged life in which he grew up and the turbulent yet exciting times in which he carries on his grandfather's legacy. *Going to the Mountain* is, in the end, a story about unlocking the power within each of us. It's a cautionary tale about how a child's life can go one way or the other, depending upon the intervention of a caring soul--and about the awesome power of love to serve as a catalyst for change.

Madiba A to Z Danny Schechter.2013-11-26 From the makers of the major motion picture *Mandela: Long Walk to Freedom*, a completely unique biography and thematic telling of the story of Nelson Mandela. This book, which provided key source material for the film, is an unexpurgated collection of the views and opinions of South Africa's first Black president, and it draws on Danny Schechter's forty-year relationship with Madiba, as Nelson Mandela is known in his native South Africa. Each chapter of this unique portrait corresponds to a letter of the alphabet, and the letters cover major and minor, unexpected and fascinating themes in Mandela's life and his impact on others: Athlete, Bully, Comrade, Forgiveness, Indigenous, Jailed, Militant, and President, to name a few. The book quotes liberally from Mandela himself, his ex-wives and other family members, global leaders, Mandela's cellmates and guards on Robben Island, the team behind *Mandela: Long Walk to Freedom*, former president F. W. de Klerk, members of the South African Police, and his comrades including his successor Thabo Mbeki. *Madiba A to Z* reveals sides of Nelson Mandela that are not often discussed and angles of the anti-apartheid movement that most choose to brush under the table in order to focus on the happy-ending version of the story. As Schechter reports in the book, according to Mandela's successor as president of South Africa, Thabo Mbeki, "the fundamental problems of South Africa, poverty, inequality, have remained unchanged since 1994." This is partly because, as Schechter writes, "six months before the 1994 elections, when South Africa was being governed jointly by the ANC and the National Party under a Transitional Executive Council (TEC), there were secret negotiations about the economic future." There are many rarely spoken of revelations in *Madiba A to Z*, a book about Mandela's brilliance, his courage, his tremendous impact in saving his country and its people of all races, but one that also shows how far South Africa still has to go.

This Is How We Disappear Titilope Sonuga.2019-04-26 At once an exploration of the physical and emotional disappearance of women and a celebration of the magic of shapeshifting as an act of survival, these poems sit in conversation with each other in a way that highlights how women survive and thrive in spite of the obstacles often stacked against them.

Bending the Arch Rose Marie Berger.2019-01-29 In answer to Seamus Heaney's *Station Island* and Pablo Neruda's *The Heights of Machu Picchu*, Berger unmasks the worldview of westward expansion from architect Eero Saarinen's arch in St. Louis to the Golden Gate in a way that subtly and mystically taps the unconsciousness of the intended audience. When she writes "We never entered the West on bended knee," the impurity of language used in this epic creates tension between discourses and creates a charge or pressure on each sentence that pushes the reader toward declaring an allegiance. Drawing on historical documents, the Latin Mass, and multivalent voices, Berger moves through the anguish of unintended consequences and leads the reader through the "ghost dance" of feeling to the powerful Pacific Ocean, which enters human consciousness like a dream. Entangled historical memory, climate crisis, and inverse expansionism compress into a spiritual reckoning to face the world to come.

How Things Tasted When We Were Young Nadra Mabrouk.2016-06-04 Nadra Mabrouk's poetic debut, *How Things Tasted When We Were Young*, is a sleek, visceral volume that disturbs as it enraptures, in the spirit of a young and ever-evolving Adrienne Rich. It seems to me that a talented poet articulates what is most beautiful in the world—a small body already forming on the lips of the mother, / pink and thick and wanting. A visionary poet does this, too, and also something more. She articulates beautifully that which is not easy to look at, not easy to love: your skin glows: / glaucous, a halo of ash, dead skin on each cheekbone. An enduring poet does both of these, and also something more. She examines herself in light of all that is beautiful, all that is not: But I only/ know the tongue of conquerors, the curves of the Arabic alphabet, / as the vowels curl into each other like hooks into flat palms. Nadra Mabrouk is talented and visionary. She writes poems that will endure. Julie Marie Wade, author of *Postage Due: Poems & Prose Poems* and *When I Was Straight: Poems* *** These are lush, intimate poems, full of rivers and bodies and family secrets. From Florida to Amsterdam to Egypt, Nadra Mabrouk creates a poetic geography by turns tender and sharp-eyed, sorrowful and celebratory. Campbell McGrath

Breaking News Jeremy Thompson.2017-11-14 Until his retirement at the end of 2016, Jeremy Thompson was one of the longest-serving journalists and news anchors in the UK. During a forty-year career in television news, Thompson gained a reputation as the consummate broadcaster, latterly as the anchor of Sky News' early evening programme, though as frequently broadcasting on location from the heart of the story. Thompson worked for all the major news broadcasters in the UK: the BBC, ITV and finally Sky, where he started as a foreign correspondent in 1993. He covered many of the most important news events of our time and reported from all over the world, picking up countless awards for his work. The first TV journalist to broadcast live as British peacekeeping forces arrived in Kosovo, he also covered the first Gulf War and, in 2003, anchored Sky News' coverage of the second Gulf War from Iraq. There he presented every night for a month on the front line and was the first anchor to present from inside Baghdad. He was also in South Africa to cover the death of Nelson Mandela and the murder trial of Oscar Pistorius. This extraordinary book tells the life story of one of the nation's most popular broadcasters.

Beyond Memory Max Mojapelo.2008 South Africa possesses one of the richest popular music traditions in the world - from marabi to mbaqanga, from boeremusiek to bubblegum, from kwela to kwaito. Yet the risk that future generations of South Africans will not know their musical roots is

very real. Of all the recordings made here since the 1930s, thousands have been lost for ever, for the powers-that-be never deemed them worthy of preservation. And if one peruses the books that exist on South African popular music, one still finds that their authors have on occasion jumped to conclusions that were not as foregone as they had assumed. Yet the fault lies not with them, rather in the fact that there has been precious little documentation in South Africa of who played what, or who recorded what, with whom, and when. This is true of all music-making in this country, though it is most striking in the musics of the black communities. *Beyond Memory: Recording the History, Moments and Memories of South African Music* is an invaluable publication because it offers a first-hand account of the South African music scene of the past decades from the pen of a man, Max Thamagana Mojapelo, who was situated in the very thick of things, thanks to his job as a deejay at the South African Broadcasting Corporation. This book - astonishing for the breadth of its coverage - is based on his diaries, on interviews he conducted and on numerous other sources, and we find in it not only the well-known names of recent South African music but a countless host of others whose contribution must be recorded if we and future generations are to gain an accurate picture of South African music history of the late 20th and early 21st centuries.

Encyclopedia of African Literature Simon Gikandi.2003-09-02 The most comprehensive reference work on African literature to date, this book covers all the key historical and cultural issues in the field. The Encyclopedia contains over 600 entries covering criticism and theory, African literature's development as a field of scholarship, and studies of established and lesser-known writers and their texts. While the greatest proportion of literary work in Africa has been a product of the twentieth century, the Encyclopedia also covers the literature back to the earliest eras of story-telling and oral transmission, making this a unique and valuable resource for those studying social sciences as well as humanities. This work includes cross-references, suggestions for further reading, and a comprehensive index.

Negative Ecstasies Jeremy Biles,Kent L. Brintnall.2015-08-03 Despite Georges Bataille's acknowledged influence on major poststructuralist thinkers—including Foucault, Derrida, Kristeva, Lacan, Baudrillard, and Barthes—and his prominence in literary, cultural, and social theory, rarely has he been taken up by scholars of religion, even as issues of the sacred were central to his thinking. Bringing together established scholars and emerging voices, *Negative Ecstasies* engages Bataille from the perspective of religious studies and theology, forging links with feminist and queer theory, economics, secularism, psychoanalysis, fat studies, and ethics. As these essays demonstrate, Bataille's work bears significance to contemporary questions in the academy and vital issues in the world. We continue to ignore him at our peril.

Christian Environmentalism and Human Responsibility in the 21st Century Katherine M. Quinsey.2023-11-16 *Christian Environmentalism and Human Responsibility in the 21st Century* comprises original scholarly essays and creative works exploring the implications of Christian environmentalism through literary and cultural criticism and creative reflection. The volume draws on a flourishing recent body of Christian ecocriticism and environmental activity, incorporating both practical ethics and environmental spirituality, but with particular emphasis on the notion of human responsibility. It discusses responsibility in its dual sense, as both the recognized cause of environmental destruction and the ethical imperative of accountability to the nonhuman environment. The book crosses boundaries between traditional scholarly and creative reflection through a global range of topics: African oral tradition, Ohio artists off the grid, immigrant self-metaphors of land and sea, iconic writers from Milton to O'Connor to Atwood, and Indigenous Canadian models for listening to the nonhuman Mother of us all. In its incorporation of academic and creative pieces from scholars and creative artists across North America, this volume shows how environmental work of its nature and necessity crosses traditional academic and community boundaries. In both form and orientation, this collection speaks to the most urgent intellectual, physical, social, and spiritual needs of the present day. This book will appeal to scholars,

researchers, and upper-level students interested in the relationship between religion and environment, ethics, animal welfare, poetry, memoir, and post-secularism.

Long Walk to Freedom Nelson Mandela. 2008-03-11 The book that inspired the major new motion picture *Mandela: Long Walk to Freedom*. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's anti-apartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. *LONG WALK TO FREEDOM* is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.

African Oral Literature Russell Kaschula.2001 Throughout Africa, oral literature is flourishing, though it is perceived by some as anachronistic to the modern world. This work refutes this idea in its entirety by presenting 22 chapters, which firmly place the study of oral literature within contemporary African existence. The study analyzes how oral literature relates to media, music, technology, text, gender, religion, power, politics and globalization.

The Bones of the Ancestors are Shaking Russell Kaschula.2002 'In *The Bones of The Ancestors Are Shaking*, Russell Kaschula provides an ample introduction to the subject of oral poetry, both drawing on earlier accounts and presenting his own material, much of which has hitherto been unavailable in book form. Kaschula presents rich texts and translations of the Xhosa praise poetry for which southern Africa has long been famous, not only in the context of studies of African oral literature, but also among comparative scholars of world literature. The texts and translations in this book are a valuable and attractive addition to the record, ranging as they do from nineteenth-century examples to late twentieth-century praises for Joe Slovo, F.W. de Klerk, the South African soccer squad or Nelson Mandela, the latter being a special focus of the volume.' — Professor Ruth Finnegan, The Open University, UK

Searching for Sharing Daniela Merolla, Mark Turin.2017-05-15 In a world where new technologies are being developed at a dizzying pace, how can we best approach oral genres that represent heritage? Taking an innovative and interdisciplinary approach, this volume explores the idea of sharing as a model to construct and disseminate the knowledge of literary heritage with the people who are represented by and in it. Expert contributors interweave sociological analysis with an appraisal of the transformative impact of technology on literary and cultural production. Does technology restrict, constraining the experience of an oral performance, or does it afford new openings for different aesthetic experiences? Topics explored include the Mara Cultural Heritage Digital Library, the preservation of Ewe heritage material, new resources for texts in Manding languages, and the possibilities of technauriture. This timely and necessary collection also examines to what extent digital documents can be and have been institutionalised in archives and museums, how digital heritage can remain free from co-option by hegemonic groups, and the roles that exist for community voices. A valuable contribution to a fast-developing field, this book is required reading for scholars and students in the fields of heritage, anthropology, linguistics, history and the emerging disciplines of multi-media documentation and analysis, as well as those working in the field of literature, folklore, and African studies. It is also important reading for museum and archive curators.

The Return of Makhanda Julia C. Wells.2012 Makhanda was a Xhosa leader and warrior-prophet who lived in the early 19th century in southern Africa, and who led a massive attack on the British in Grahamstown in 1819. His clarity of thinking and personal charisma propelled him into the position of leading spiritual adviser to the powerful Chief Ndlambe of the Rharhabe. Although Makhanda was portrayed in the written record as a religious fanatic and millinarian prophet who led his own people to destruction, this evocative account demonstrates that the popular heroic view of Makhanda, as one of South Africa's early freedom fighters, is far more justified. With meticulous chronology, the book offers a major revision of the life of this often controversial figure. (Series: Thinking Africa). ***
...Wells openly declares that her purpose is to rehabilitate the reputation of Makhanda....Her admission of bias may shock academic purists, but what follows is a meticulous examination of the written and oral evidence that interprets an immensely complex story quite brilliantly. Highly recommended. J. E. Flint, emeritus, Dalhousie University, Choice, February 2013, Vol. 50, No. 6.

An African Athens Philippe-Joseph Salazar.2002-02-01 *An African Athens* offers an analysis of a new ecology of rhetoric--the reshaping of a nation into a democracy through rhetorical means. Author Philippe-Joseph Salazar provides a general view of issues as they have taken shape in the apartheid and post-apartheid South African experience, presenting the country as a remarkable stage for playing out the great themes of public deliberation and the rise of postmodern rhetorical democracy. Salazar's intimate vantage point focuses on the striking case of a democracy won at the

negotiating table and also won every day in public deliberation. This volume presents a full-scale rhetorical analysis of a democratic transformation in post-Cold War era, and provides a study of the demise of apartheid and post-apartheid from the standpoint of political and public rhetoric and communication. In doing so, it serves as a template for similar enquiries in the rhetorical study of emerging democracies. Intended for readers engaged in the study of political and public rhetoric with an interest in how democracy takes shape, *An African Athens* highlights South Africa as a test case for global democracy, for rhetoric, and for the relevance of rhetoric studies in a postmodern democracy.
