In only half an hour a day users will move ahead naturally until they are at ease with all the basic structures needed for communication and become familiar with the basic words and grammar of German. The Origins of Modern Humans Fred H. Smith, James C. Ahern. 2013-07-09 This update to the award-winning *The Origins of Modern Humans: A World Survey of the Fossil Evidence* covers the most accepted common theories concerning the emergence of modern *Homo sapiens*—adding fresh insight from top young scholars on the key new discoveries of the past 25 years. *The Origins of Modern Humans: Biology Reconsidered* allows field leaders to discuss and assess the assemblage of hominid fossil material in each region of the world during the Pleistocene epoch. It also addresses the impact of digital imagery and the more sophisticated morphometric techniques that have entered the analytical fray since 1984. Beginning with a thoughtful introduction by the authors on modern human origins, the book offers such insightful chapter contributions as: Africa: The Cradle of Modern People Crossroads of the Old World: Late Hominin Evolution in Western Asia A River Runs through It: Modern Human Origins in East Asia Perspectives on the Origins of Modern Australians Modern Human Origins in Central Europe The Makers of the Early Upper Paleolithic in Western Eurasia Neandertal Craniofacial Growth and Development and Its Relevance for Modern Human Origins Energetics and the Origin of Modern Humans Understanding Human Cranial Variation in Light of Modern Human Origins The Relevance of Archaic Genomes to Modern Human Origins The Process of Modern Human Origins: The Evolutionary and Demographic Changes Giving Rise to Modern Humans The Paleobiology of Modern Human Emergence Elegant and thought provoking, *The Origins of Modern Humans: Biology Reconsidered* is an ideal read for students, grad students, and professionals in human evolution and paleoanthropology.

The Acquisition of German Anne Vainikka, Martha Young-Scholten. 2011-10-27 The Acquisition of

German: Introducing Organic Grammar brings together work on the acquisition of German from over four decades of child L1 and immigrant L2 learner studies. The book's major feature is new longitudinal data from three secondary school students who began an exchange year in Germany with no German knowledge and attained fluency. Their naturalistic acquisition process — with a succession of stages described for the first time in L2 acquisition — is highly similar to that of younger learners. This has important implications for German teaching and for the theory of Universal Grammar and acquisition. Organic Grammar, a variant of generative syntax, is offered as a practical alternative to Chomsky's Minimalism. The analysis focuses on extensive monthly samples of the three students' German development in an input-rich environment. Similar to previous studies, the teenagers build syntactic structure from the bottom up. Two acquired correct word order by the end of the year, the third, who had greater conscious awareness of German grammar, had a divergent route of development, suggesting that language awareness can alter a natural developmental path. The results are addressed in light of recent debates in child-adult differences.

Asbestos Ronald F. Dodson, Samuel P. Hammar. 2011-06-15 The first edition of *Asbestos: Risk Assessment, Epidemiology, and Health Effects* received critical acclaim due to the interdisciplinary nature of its content. Editors Ronald Dodson and Samuel Hammar have carefully kept this popular focus while updating and expanding the topics covered in the first edition with the help of internationally known experts. The editors' expertise and careful updating set this book apart, making it a comprehensive resource that interlinks diverse specialties. They provide an updated and expanded state-of-the-art discussion of important interdisciplinary factors associated with asbestos-related issues in an easy-to-use reference.

of dropping out of the service one day, alongside his pilot girlfriend, but as warfare consumes entire planets and conditions on Earth deteriorate, he wonders if there will be anywhere left for them to go.

Language Learning Joseph Foley, Linda Thompson. 2017-09-25 *Language Learning* provides an introduction to language development that differs from existing books in that it traces language and cognitive development (together with the associated debates) from babyhood, through the school years of middle childhood and adolescence, into adulthood and the world of work. Increasingly, the global trend is towards learning to speak, read and write more than one language. *Language Learning* is a comprehensive book that includes descriptions and discussions of learning more than one language sequentially and simultaneously. The only book to look at language with a lifelong perspective, it is ideal as an introductory student text. Each chapter contains ideas and suggestions for students to follow-up and begin their own small scale investigations into language development.

The Guardian of the Light Sergio Bambaren. 2011-10-23 When Martin meets Paola during a business trip to Chile, he is charmed by her sensibility and simplicity. But living in different countries, everything points out that they will never see each other again; however, a series of magical events will make them fall in love and plan a future together. Love leads them to accept the challenge of transforming an old and abandoned lighthouse that overlooks the Pacific Ocean into their dream house; and without planning it, they meet an old man that will change their lives forever: the guardian of the light. A wonderful love story that encourages us to trust the power of love: capable to overcome prejudices, distance, and all the impossible odds that can only be overcome by crossing the crystal walls that life and society places in our hearts and in our minds.

And the U.S. Navy has taken notice, sending John Clay and Steve Caesare to investigate. They discover the sub has been quietly studying a group of soldiers making mysterious trips into the jungle under the cover of darkness--Back cover

Concordancia Calderoniana / Konkordanz zu Calderón Teil III: Dramas Pedro Calderón De La Barca.2015-01-30 Im Rahmen der vollständigen Konkordanz der Werke Calderóns, deren Teile I und II für die die Autos Sacramentales und das Teatro cómico breve bereits vorliegen, erscheinen nunmehr die Teile III und IV mit den Konkordanzen der Dramas und der Comedias. Grundlage auch dieser Konkordanzen ist - wie für die Konkordanz der Autos Sacramentales - die von Ángel Valbuena Prat und Ángel Valbuena Briones bei Aguilar herausgegebene Ausgabe der Obras completas von Calderón de la Barca. Die Teile III und IV der Konkordanz beinhalten das gesamte Vokabular der

Dramas und Comedias in alphabetischer Reihenfolge, im keyword in context-Format. Das Quellfeld der Konkordanz enthält neben dem Nachweis des jeweiligen Werks und der sprechenden Person auch eine Seiten- und Zeilenzählung, so dass die Textstellen leicht zu identifizieren sind. Dem Konsens der scientific community entsprechend erscheinen auch die Teile III und IV der Calderón-Konkordanz in gedruckter Form. Hochfrequente Wörter werden allerdings nicht in die gedruckte Version aufgenommen. Mit Teil III und Teil IV der Concordancia Calderoniana liegt erstmals das gesamte sprachliche Material eines spanischen Theaterautors des Siglo de Oro in Form einer vollständigen, den neuesten wissenschaftlichen Ansprüchen genügenden und leicht konsultierbaren Konkordanz vor. Calderóns Theater kann so von der Forschung als jenes Referenzwerk herangezogen werden, das es in der historischen Realität für die außerordentlich reiche Theaterproduktion des Siglo de Oro gewesen ist. Parts I and II of the complete concordance to Calderon's works, covering the Autos Sacramentales and the Teatro cómico breve have already been published. Now parts III and IV have been added, with concordances to the Dramas and Comedias. The concordances are based on the edition of Calderón's Obras completas by Ángel Valbuena Prat and Ángel Valbuena Briones, published by Aguilar. Parts III and IV contain the complete vocabulary of the Dramas and Comedias in alphabetical order, in a keyword in context format. The concordance's source field includes a reference to the work in question and the character speaking, a page and line number so that the passage can be easily identified. In accordance with the consensus of the academic community, parts III and IV of the Calderón concordance being published in hard copy. The most frequent words have not been included in the printed version. With the publication of parts III and IV of the Concordancia Calderoniana, the complete linguistic corpus of a Spanish Golden Age dramatist is for the first time available in a comprehensive concordance, easy to

consult and up to date with the latest academic standards. Scholars can therefore draw on Calderón's plays as the reference work for the extraordinarily rich theatrical literature of the Siglo de Oro which they undoubtedly represent.
