After more than 30 years \$domain continues as a popular, proven, low-cost, effective marketing and exhibit service for publishers large and small. \$domain book service remains focused on its original stated objective - to take the experience of many years and hundreds of exhibits and put it to work for publishers. The Open Library has more than one million free e-books available. This library catalog is an open online project of Internet Archive, and allows users to contribute books. You can easily search by the title, author, and subject. From books, magazines to tutorials you can access and download a lot for free from the publishing platform named Issuu. The contents are produced by famous and independent writers and you can access them all if you have an account. You can also read many books on the site even if you do not have an account. For free eBooks, you can access the authors who allow you to download their books for free that is, if you have an account with Issuu. Don't forget about Amazon Prime! It now comes with a feature called Prime Reading, which grants access to thousands of free ebooks in addition to all the other amazing benefits of Amazon Prime. And if you don't want to bother with that, why not try some free audiobooks that don't require downloading? From romance to mystery to drama, this website is a good source for all sorts of free e-books. When you're making a selection, you can go through reviews and ratings for each book. If you're looking for a wide variety of books in various categories, check out this site. Free-eBooks download is the internet's #1 source for free eBook downloads, eBook resources & eBook authors. Read & download eBooks for Free: anytime! The split between "free public domain ebooks" and "free original ebooks" is surprisingly even. A big chunk of the public domain titles are short stories and a lot of the original titles are fanfiction. Still, if you do a bit of digging around, you'll find some interesting stories. My favorite part about DigiLibraries.com is that you can click on any of the categories on the left side of the page to quickly see free Kindle books that only fall into that category. It really speeds up the work of narrowing down the books to find what I'm looking for. ManyBooks is one of the best resources on the web for free books in a variety of download formats. There are hundreds of books available here, in all sorts of interesting genres, and all of them are completely free. One of the best features of this site is that not all of the books listed here are classic or creative commons books. ManyBooks is in transition at the time of this writing. A beta test version of the site is available that features a serviceable search capability. Readers can also find books by browsing genres, popular selections, author, and editor's choice. Plus, ManyBooks has put together collections of books that are an interesting way to explore topics in a more organized way.
