

When Coffee Speaks Stories From And Of Latin Amer

Costa Rica After Coffee Lowell Gudmundson.2021-10-20 Costa Rica After Coffee explores the political, social, and economic place occupied by the coffee industry in contemporary Costa Rican history. In this follow-up to the 1986 classic Costa Rica Before Coffee, Lowell Gudmundson delves deeply into archival sources, alongside the individual histories of key coffee-growing families, to explore the development of the co-op movement, the rise of the gourmet coffee market, and the societal transformations Costa Rica has undergone as a result of the coffee industry's powerful presence in the country. While Costa Rican coffee farmers and co-ops experienced a golden age in the 1970s and 1980s, the emergence and expansion of a gourmet coffee market in the 1990s drastically reduced harvest volumes. Meanwhile, urbanization and improved education among the Costa Rican population threatened the continuance of family coffee farms, because of the lack of both farmland and a successor generation of farmers. As the last few decades have seen a rise in tourism and other industries within the country, agricultural exports like coffee have ceased to occupy the same crucial space in the Costa Rican economy. Gudmundson argues that the fulfillment of promises of reform from the co-op era had the paradoxical effect of challenging the endurance of the coffee industry.

The Oxford Book of Latin American Short Stories Roberto Gonzalez Echevarria.1999-07-15 This collection brings together 53 stories that span the history of Latin American literature and represent the most dazzling achievements in the form. It covers the entire history of Latin American short fiction, from the colonial period to present.

The Rye Bread Marriage Michaele Weissman.2023-08-15 How do partners in long-lasting relationships live together without driving each other up a wall? After forty years of marriage, Michaele Weissman has a few answers. When they first meet, John— a dashing European, a Latvian refugee, a physics PhD—is hoping to settle down. Michaele, a fast-talking American college student, is hungry for an independent life as a writer and historian. “I am too young, and you are too Latvian,” the twenty-year-old Michaele tells the twenty-eight-year-old John, explaining why she is ending their four-month romance. Fifteen years later, the two are married. Their love for each other does not assuage the trauma John experienced as a child during World War II; nor does it help Michaele understand her husband's unwavering devotion to every aspect of Latvian culture, particularly his passion for the dark, intense rye bread of his birthplace (nothing like the rye she knew growing up in her secular Jewish household). Michaele feels like an outsider in her own relationship, unable to touch a core piece of her husband's being. So, as John realizes his dream of opening a rye bread bakery, Michaele embarks on a fascinating journey. Delving into history and traveling across Europe with John, she excavates poignant stories of war, privation, and resilience—and realizes at last that rye bread represents everything about John's homeland that he loved and lost. Eventually Michaele even comes to love rye bread, too. How do the stories we live and the stories we inherit play out in our relationships? How do individuals learn to tolerate ethnic, religious, and national differences? The Rye Bread Marriage is a beautifully told, often humorous, love story about the messiness of spending a lifetime with another human being. Michaele Weissman reminds us that every relationship is a mystery—and a miracle.

Silver, Sword, and Stone Marie Arana.2020-08-18 Winner, American Library Association Booklist's Top of the List, 2019 Adult Nonfiction Acclaimed writer Marie Arana delivers a cultural history of Latin America and the three driving forces that have shaped the character of the region: exploitation (silver), violence (sword), and religion (stone). “Meticulously researched, [this] book's greatest strengths are the power of its epic narrative, the beauty of its prose, and its rich portrayals of character...Marvelous” (The Washington Post). Leonor Gonzales lives in a tiny community perched 18,000 feet above sea level in the Andean cordillera of Peru, the highest human habitation on earth. Like her late husband, she works the gold mines much as the Indians were forced to do at the time of the Spanish Conquest. Illiteracy, malnutrition, and disease reign as they did five hundred years ago. And now, just as then, a miner's survival depends on a vast global market whose fluctuations are controlled in faraway places. Carlos Buergos is a Cuban who fought in the civil war in Angola and now lives in a quiet community outside New Orleans. He was among hundreds of criminals Cuba expelled to the US in 1980. His story echoes the violence that has coursed through the Americas since before Columbus to the crushing savagery of the Spanish Conquest, and from 19th- and 20th-century wars and revolutions to the military crackdowns that convulse Latin America to this day. Xavier Albó is a Jesuit priest from Barcelona who emigrated to Bolivia, where he works among the indigenous people. He considers himself an Indian in head and heart and, for this, is well known in his adopted country. Although his aim is to learn rather than proselytize, he is an inheritor of a checkered past, where priests marched alongside conquistadors, converting the natives to Christianity, often forcibly, in the effort to win the New World. Ever since, the Catholic Church has played a central role in the political life of Latin America—sometimes for good, sometimes not. In this “timely and excellent volume” (NPR) Marie Arana seamlessly weaves these stories with the history of the past millennium to explain three enduring themes that have defined Latin America since pre-Columbian times: the foreign greed for its mineral riches, an ingrained propensity to violence, and the abiding power of religion. Silver, Sword, and Stone combines “learned historical analysis with in-depth reporting and political commentary...[and] an informed and authoritative voice, one that deserves a wide audience” (The New York Times Book Review).

Encyclopedia of Contemporary Latin American and Caribbean Cultures Daniel Balderston, Mike Gonzalez, Ana M. Lopez.2000-12-07 This vast three-volume Encyclopedia offers more than 4000 entries on all aspects of the dynamic and exciting contemporary cultures of Latin America and the Caribbean. Its coverage is unparalleled with more than 40 regions discussed and a time-span of 1920 to the present day. Culture is broadly defined to include food, sport, religion, television, transport, alongside architecture, dance, film, literature, music and sculpture. The international team of contributors include many who are based in Latin America and the Caribbean making this the most essential, authoritative and authentic Encyclopedia for anyone studying Latin American and Caribbean studies. Key features include: * over 4000 entries ranging from extensive overview entries which provide context for general issues to shorter, factual or biographical pieces * articles followed by bibliographic references which offer a starting point for further research * extensive cross-referencing and thematic and regional contents lists direct users to relevant articles and help map a route through the entries * a comprehensive index provides further guidance.

The Coffee Book Nina Luttinger, Gregory Dicum.2012-05-01 A history of coffee from the sixth century to Starbucks that's “good to the last sentence” (Las Cruces Sun News). One of Library Journal's “Best Business Books” This updated edition of The Coffee Book is jammed full of facts, figures, cartoons, and commentary covering coffee from its first use in Ethiopia in the sixth century to the rise of Starbucks and the emergence of Fair Trade coffee in the twenty-first. The book explores the process of cultivation, harvesting, and roasting from bean to cup; surveys the social history of café society from the first coffeehouses in Constantinople to beatnik havens in Berkeley and Greenwich Village; and tells the dramatic tale of high-stakes international trade and speculation for a product that can make or break entire national economies. It also examines the industry's major players, revealing the damage that's been done to farmers, laborers, and the environment by mass cultivation—and explores the growing “conscious coffee” market. “Drawing on sources ranging from Molière and beatnik cartoonists to the Food and Agriculture Organization, the authors describe the beverage's long and colorful rise to ubiquity.” —The Economist “Most stimulating.” —The Baltimore Sun

The Cambridge History of Latin America Leslie Bethell.1984 This is an authoritative large-scale history of the whole of Latin America, from the first contacts between native American peoples and Europeans in the late fifteenth and early sixteenth centuries to the present day.

Asian American Short Story Writers Guiyou Huang.2003-06-30 Asian America has produced numerous short-story writers in the 20th century. Some emerged after World War II, yet most of these writers have flourished since 1980. The first reference of its kind, this volume includes alphabetically arranged entries for 49 nationally and internationally acclaimed Asian American writers of short fiction. Each entry is written by an expert contributor and includes a biography, a discussion of major works and themes, a survey of the writer's critical reception, and primary and secondary bibliographies. Writers include Frank Chin, Sui Sin Far, Shirely Geok-lin Lim, Toshio Mori, and Bharati Mukherjee. An introductory essay provides a close examination of the Asian American short story, and the volume closes with a list of works for further reading.

Language, Coffee, and Migration on an Andean-Amazonian Frontier Nicholas Q. Emlen.2020-03-24 Extraordinary change is under way in the Alto

Urubamba Valley, a vital and turbulent corner of the Andean-Amazonian borderland of southern Peru. Here, tens of thousands of Quechua-speaking farmers from the rural Andes have migrated to the territory of the Indigenous Amazonian Matsigenka people in search of land for coffee cultivation. This migration has created a new multilingual, multiethnic agrarian society. The rich-tasting Peruvian coffee in your cup is the distillate of an intensely dynamic Amazonian frontier, where native Matsigenkas, state agents, and migrants from the rural highlands are carving the forest into farms. Language, Coffee, and Migration on an Andean-Amazonian Frontier shows how people of different backgrounds married together and blended the Quechua, Matsigenka, and Spanish languages in their day-to-day lives. This frontier relationship took place against a backdrop of deforestation, cocaine trafficking, and destructive natural gas extraction. Nicholas Q. Emlen's rich account—which takes us to remote Amazonian villages, dusty frontier towns, roadside bargaining sessions, and coffee traders' homes—offers a new view of settlement frontiers as they are negotiated in linguistic interactions and social relationships. This interethnic encounter was not a clash between distinct groups but rather an integrated network of people who adopted various stances toward each other as they spoke. The book brings together a fine-grained analysis of multilingualism with urgent issues in Latin America today, including land rights, poverty, drug trafficking, and the devastation of the world's largest forest. It offers a timely on-the-ground perspective on the agricultural colonization of the Amazon, which has triggered an environmental emergency threatening the future of the planet.

The Oxford Handbook of the Latin American Novel Juan E. De Castro, Ignacio Lòpez-Calvo. 2023-03-07 The Latin American novel burst onto the international literary scene with the Boom era—led by Julio Cortázar, Gabriel García Márquez, Carlos Fuentes, and Mario Vargas Llosa—and has influenced writers throughout the world ever since. García Márquez and Vargas Llosa each received the Nobel Prize in literature, and many of the best-known contemporary novelists are inspired by the region's fiction. Indeed, magical realism, the style associated with García Márquez, has left a profound imprint on African American, African, Asian, Anglophone Caribbean, and Latinx writers. Furthermore, post-Boom literature continues to garner interest, from the novels of Roberto Bolaño to the works of César Aira and Chico Buarque, to those of younger novelists such as Juan Gabriel Vásquez, Alejandro Zambra, and Valeria Luiselli. Yet, for many readers, the Latin American novel is often read in a piecemeal manner delinked from the traditions, authors, and social contexts that help explain its evolution. The Oxford Handbook of the Latin American Novel draws literary, historical, and social connections so that readers will come away understanding this literature as a rich and compelling canon. In forty-five chapters by leading and innovative scholars, the Handbook provides a comprehensive introduction, helping readers to see the region's intrinsic heterogeneity—for only with a broader view can one fully appreciate García Márquez or Bolaño. This volume charts the literary tradition of the Latin American novel from its beginnings during colonial times, its development during the nineteenth and the first half of the twentieth century, and its flourishing from the 1960s onward. Furthermore, the Handbook explores the regions, representations of identity, narrative trends, and authors that make this literature so diverse and fascinating, reflecting on the Latin American novel's position in world literature.

International Coffee Agreement United States. Congress. House. Committee on Ways and Means. 1965

Coffee Talk Morton Satin. 2011-10-31 In this entertaining yet comprehensive book, a food expert traces the history of coffee, showing how coffee consumption evolved to fit the social and economic needs of different times.

The Rotarian .1944-03 Established in 1911, The Rotarian is the official magazine of Rotary International and is circulated worldwide. Each issue contains feature articles, columns, and departments about, or of interest to, Rotarians. Seventeen Nobel Prize winners and 19 Pulitzer Prize winners – from Mahatma Gandhi to Kurt Vonnegut Jr. – have written for the magazine.

Uncommon Grounds Mark Pendergrast. 1999-05-20 Traces the use and popularity of coffee from ancient Ethiopia to the present, describing the effect of the coffee trade and industry on economic, political, and social history.

Coffee, Society, and Power in Latin America William Roseberry, Lowell Gudmundson, Mario Samper Kutschbach. 1995-01-01 In January 1927 Gus Comstock, a barbershop porter in the small Minnesota town of Fergus Falls, drank eighty cups of coffee in seven hours and fifteen minutes. The New York Times reported that near the end, amid a cheering crowd, the man's gulps were labored, but a physician examining him found him in pretty good shape. The event was part of a marathon coffee-drinking spree set off two years earlier by news from the Commerce Department that coffee imports to the United States amounted to five hundred cups per year per person. In *Coffee, Society, and Power in Latin America*, a distinguished international group of historians, anthropologists, and sociologists examine the production, processing, and marketing of this important commodity. Using coffee as a common denominator and focusing on landholding patterns, labor mobilization, class structure, political power, and political ideologies, the authors examine how Latin American countries of the late nineteenth and early twentieth centuries responded to the growing global demand for coffee. This unique volume offers an integrated comparative study of class formation in the coffee zones of Latin America as they were incorporated into the world economy. It offers a new theoretical and methodological approach to comparative historical analysis and will serve as a critique and counter to those who stress the homogenizing tendencies of export agriculture. The book will be of interest not only to experts on coffee economies but also to students and scholars of Latin America, labor history, the economics of development, and political economy.

Normal Instructor and Primary Plans .1921

Congressional Record United States. Congress. 1971 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States (1789-1824)*, the *Register of Debates in Congress (1824-1837)*, and the *Congressional Globe (1833-1873)*

Brazil's Coffee Industry (Classic Reprint) Winfield Conwell King. 2017-11-06 Excerpt from *Brazil's Coffee Industry* Brazilian coffee production, harvesting, and processing methods differ from those of most Latin American countries. As a result, Brazilian coffee has a unique taste and aroma. Partly because of these differences and partly because Brazil's arabica coffees account for nearly half the coffee on world markets, the arabicas are classed as Brazils if they come from there and as milds if they originate anywhere else. Brazils are intermediate in price and quality between the better grade mild coffee of Colombia and Central America and the much-lower-priced robusta coffees produced in Africa. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Indigeneity in Latin American Cinema Milton Fernando Gonzalez Rodriguez. 2022-07-28 *Indigeneity in Latin American Cinema* explores how contemporary films (2000-2020) participate in the evolution and circulation of images and sounds that in many ways define how indigenous communities are imagined, at a local, regional and global scale. The volume reviews the diversity of portrayals from a chronological, geopolitical, linguistic, epistemic-ontological, transnational and intersectional, paradigm-changing and self-representational perspective, allocating one chapter to each theme. The corpus of this study consists of 68 fictional features directed by non-indigenous filmmakers, 31 cinematic works produced by indigenous directors/communities, and 22 Cine Regional (Regional Cinema) films. The book also draws upon a significant number of engravings, drawings, paintings, photographs and films, produced between 1493 and 2000, as primary sources for the historical review of the visual representations of indigeneity. Through content and close (textual) analysis, interviews with audiences, surveys and social media posts analysis, the author looks at the contexts in which Latin American films circulate in international festivals and the paradigm shifts introduced by self-representational cinema and *Roma (Mexico, 2018)*. Conclusively, the author provides the foundations of histrionic indigeneity, a theory that explains

how overtly histrionic proclivities play a significant role in depictions of an imagined indigenous Other in recent films.

When Coffee Speaks Rachel Northrop.2015-06-15 Whatever your sentiments towards or knowledge of coffee, the stories coffee has to tell are surprising, intriguing, and always human. Part travelogue meets anthropological field notes, part industry review meets food sourcing expose, *When Coffee Speaks* is a collection of interviews with all kinds of coffeepeople in Nicaragua, Costa Rica, Panama, and Colombia.

The Clay Hand Dorothy Salisbury Davis.2014-02-04 Death strikes in a coal mining town on the West Virginia border in this “impressive” mystery by an Edgar Award-winning author (Chicago Sun-Times). Phil McGovern, the sports editor of an Ohio newspaper, cannot help envying his friend Dick Coffee. Dick travels all over the world reporting on wars, labor strikes, and revolutions; wins Pulitzers; and has a beautiful wife, Margaret, from whom Phil tries to keep his distance because he fears he could fall in love with her too. But when tragedy strikes and Margaret needs him, Phil accompanies her to Winston, a mining town on the West Virginia border, to identify Dick’s body. No one knows what Dick was doing in Winston. No one knows if he jumped or was pushed off a cliff. With the inquest delayed and people saying Dick drank heavily and kept company with a local woman, Phil joins forces with Sheriff Sam Fields to determine if Dick was on the trail of another explosive story that might have blown the town apart—and if he died by accident, suicide, or murder.

Talks on Latin America George Harvey Trull.1916

Loving Immigrants in America Daniel Campos.2017-08-30 At once narrative and reflective, *Loving Immigrants in America: An Experiential Philosophy of Personal Interaction* is a philosophical account of Daniel Campos’s experience as a Latin American immigrant to the United States of America. A series of interrelated personal essays together convey this experience of walking or sauntering, going on road trips, reading American literature in the southern United States, playing association football (soccer or fútbol), churchgoing, and Latin dancing in the U.S. This book’s central motif is the caring saunterer, who is understood to be a person who makes him or herself at home anywhere, even as a Latino immigrant in the U.S. The narrative essays convey one immigrant’s experience seeking an affective, social, and intellectual home in a new land. The intertwined philosophical reflections lead to the recommendation of an ethic of love—resilient love—for the day-to-day interactions and long-term relations between immigrants and hosts in this country. The author’s aim is to establish an open and earnest philosophical dialogue with critical readers interested in the problems surrounding immigration in the U.S. today. He writes as an American philosopher—in the continental sense of North, Central, and South America—whose reflections provide an accessible and provocative angle for the development of insight into the experiences of immigrants in the United States. Thus he brings philosophical reflection drawn from experience, in the broad American tradition, to bear on current issues—on the problems of people and not of philosophers, as John Dewey might put it.

The Routledge Handbook of Latin American Literary Translation Delfina Cabrera,Denise Kripper.2023-03-24 The Routledge Handbook of Latin American Literary Translation offers an understanding of translation in Latin America both at a regional and transnational scale. Broad in scope, it is devoted primarily to thinking comprehensively and systematically about the intersection of literary translation and Latin American literature, with a curated selection of original essays that critically engage with translation theories and practices outside of hegemonic Anglo centers. In this introductory volume, through survey and case-study chapters, contributing authors cover literary and cultural translation in the region historically, geographically, and linguistically. From the nineteenth to the twenty-first century, the chapters focus on issues ranging from the role of translation in the construction of national identities to the challenges of translation in the current digital age. Areas of interest expand from the United States to the Southern Cone, including the Caribbean and Brazil, as well as the impact of Latin American literature internationally, and paying attention to translation from and to indigenous languages; Portuguese, English, French, German, Chinese, Spanglish, and more. The first of its kind in English, this Handbook will shed light on different translation approaches and invite a rethinking of intercultural and interlingual exchanges from Latin American viewpoints. This is key reading for all scholars, researchers, and students of literary translation studies, Latin American literature, and comparative literature.

Atlanta Magazine .2007-10 Atlanta magazine’s editorial mission is to engage our community through provocative writing, authoritative reporting, and superlative design that illuminate the people, the issues, the trends, and the events that define our city. The magazine informs, challenges, and entertains our readers each month while helping them make intelligent choices, not only about what they do and where they go, but what they think about matters of importance to the community and the region. Atlanta magazine’s editorial mission is to engage our community through provocative writing, authoritative reporting, and superlative design that illuminate the people, the issues, the trends, and the events that define our city. The magazine informs, challenges, and entertains our readers each month while helping them make intelligent choices, not only about what they do and where they go, but what they think about matters of importance to the community and the region.

Reframing Latin America Erik Ching,Christina Buckley,Angélica Lozano-Alonso.2009-06-03 Providing an extensive introduction to cultural studies in general, regardless of chronological or geographic focus, and presenting provocative, essential readings from Latin American writers of the last two centuries, *Reframing Latin America* brings much-needed accessibility to the concepts of cultural studies and postmodernism. From Saussure to semiotics, the authors begin by demystifying terminology, then guide readers through five identity constructs, including nation, race, and gender. The readings that follow are presented with insightful commentary and encompass such themes as *Civilized Folk Marry the Barbarians* (including José Martí’s *Our America*) and *Boom Goes the Literature: Magical Realism as the True Latin America?* (featuring Elena Garro’s essay *It’s the Fault of the Tlaxcaltecas*). Films such as *Like Water for Chocolate* are discussed in-depth as well. The result is a lively, interdisciplinary guide for theorists and novices alike.

Progress in the Balance Daniel R. Reichman.2023-08-15 Through a historical ethnography of Santos, Brazil, *Progress in the Balance* addresses and assesses an anthropological theory of progress. Observing that anthropology is a progressive discipline with a pessimistic attitude towards progress, Daniel Reichman explains the contested meanings of progress in Brazil and explores how anthropologists and others can define this concept more generally. He investigates how any society can separate progress from plain old change and, if change is constantly happening all around us, how and why certain events get lifted out of a normal timeframe and into a mythic narrative of progress. Each chapter outlines a particular episode in the history of Santos, a city undergoing an unprecedented period of economic and political turmoil, as it is represented in public culture, mainly through museums, monuments, art, and public events. Drawing on the anthropology of myth, Reichman proposes a model that he refers to as a clash of timescapes. *Progress in the Balance* shows how this concept of progress requires a different temporal structure that separates sacralized social change from mundane historical events.

Coffee Jonathan Morris.2018-10-15 Most of us can’t make it through morning without our cup (or cups) of joe, and we’re not alone. Coffee is a global beverage: it’s grown commercially on four continents and consumed enthusiastically on all seven—and there is even an Italian espresso machine on the International Space Station. Coffee’s journey has taken it from the forests of Ethiopia to the fincas of Latin America, from Ottoman coffee houses to “Third Wave” cafés, and from the simple coffee pot to the capsule machine. In *Coffee: A Global History*, Jonathan Morris explains both how the world acquired a taste for this humble bean, and why the beverage tastes so differently throughout the world. Sifting through the grounds of coffee history, Morris discusses the diverse cast of caffeinated characters who drank coffee, why and where they did so, as well as how it was prepared and what it tasted like. He identifies the regions and ways in which coffee has been grown, who worked the farms and who owned them, and how the beans were processed, traded, and transported. Morris also explores the businesses behind coffee—the brokers, roasters, and machine manufacturers—and dissects the geopolitics linking producers to consumers. Written in a style as invigorating as that first cup of Java, and featuring fantastic recipes, images, stories, and surprising facts, *Coffee* will fascinate foodies, food historians, baristas, and the many people who regard this ancient brew as a staple of modern life.

The Global Coffee Economy in Africa, Asia, and Latin America, 1500-1989 William Gervase Clarence-Smith,Steven Topik.2003-06-16 Emphasizing the nineteenth and early twentieth centuries, this volume brings together scholars from nine countries who study coffee markets and societies over the last five centuries in fourteen countries, on four continents, and across the Indian and Pacific Oceans. The chapters analyze the

creation and function of commodity, labor, and financial markets; the role of race, ethnicity, gender, and class in the formation of coffee societies; the interaction between technology and ecology; and the impact of colonial powers, nationalist regimes, and the forces of the world economy in the forging of economic development and political democracy.

Brown Gold Andrés Uribe Compuzano.1954 As wine is to France, tea to the British, so is coffee to the American. But though more than a hundred billion cups of coffee are brewed and drunk in the United States a year, coffee -- as Dr. Uribe makes clear -- is far more than a drink. Coffee has become a symbol of our Hemispheric mutual dependence, and an inescapable, practical test of our Hemispheric capacity for good relations. The way in which the United States and Latin America, in a spirit of understanding and forbearance, meet the issues concerning coffee (set out in this book from the Latin-American viewpoint) will markedly influence the future of United States leadership among the peoples of the Western Hemisphere. - Introduction.

Talking Books with Mario Vargas Llosa Raquel Chang-Rodriguez.2020-08 The essays included in Talking Books with Mario Vargas Llosa celebrate Mario Vargas Llosa's visits to the City College of New York, the creation of the Cátedra Vargas Llosa in his honor, and the interests of the Peruvian author in reading and books. This volume contains previously unpublished material by Vargas Llosa himself, as well as by novelists and literary critics associated with the Cátedra. This collection offers readers an opportunity to learn about Vargas Llosa's body of work through multiple perspectives: his own and those of eminent fiction writers and important literary critics. The book offers significant analysis and rich conversation that bring to life many of the Nobel Laureate's characters and provide insights into his writing process and imagination. As the last surviving member of the original group of writers of the Latin American Boom--which included Gabriel García Márquez, Carlos Fuentes, and Julio Cortázar--Vargas Llosa endures as a literary icon because his fiction has remained fresh and innovative. His prolific works span many different themes and subgenres. A combination of literary analyses and anecdotal contributions in this volume reveal the little-known human and intellectual dimensions of Vargas Llosa the writer and Vargas Llosa the man.

Encyclopedia of Latin American Literature Verity Smith.1997-03-26 A comprehensive, encyclopedic guide to the authors, works, and topics crucial to the literature of Central and South America and the Caribbean, the Encyclopedia of Latin American Literature includes over 400 entries written by experts in the field of Latin American studies. Most entries are of 1500 words but the encyclopedia also includes survey articles of up to 10,000 words on the literature of individual countries, of the colonial period, and of ethnic minorities, including the Hispanic communities in the United States. Besides presenting and illuminating the traditional canon, the encyclopedia also stresses the contribution made by women authors and by contemporary writers. The Global Coffee Economy in Africa, Asia, and Latin America, 1500-1989 William Gervase Clarence-Smith,Steven Topik.2003-06-16 Coffee beans grown in Brazil, Colombia, Vietnam, or one of the other hundred producing lands on five continents remain a palpable and long-standing manifestation of globalization. For five hundred years coffee has been grown in tropical countries for consumption in temperate regions. This 2003 volume brings together scholars from nine countries who study coffee markets and societies over the last five centuries in fourteen countries on four continents and across the Indian and Pacific Oceans, with a special emphasis on the nineteenth and early twentieth centuries. The chapters analyse the creation and function of commodity, labour, and financial markets; the role of race, ethnicity, gender, and class in the formation of coffee societies; the interaction between technology and ecology; and the impact of colonial powers, nationalist regimes, and the forces of the world economy in the forging of economic development and political democracy.

Coffee and Community Sarah Lyon.2011-05-18 We are told that simply by sipping our morning cup of organic, fair-trade coffee we are encouraging environmentally friendly agricultural methods, community development, fair prices, and shortened commodity chains. But what is the reality for producers, intermediaries, and consumers? This ethnographic analysis of fair-trade coffee analyzes the collective action and combined efforts of fair-trade network participants to construct a new economic reality. Focusing on La Voz Que Clama en el Desierto-a cooperative in San Juan la Laguna, Guatemala-and its relationships with coffee roasters, importers, and certifiers in the United States, Coffee and Community argues that while fair trade does benefit small coffee-farming communities, it is more flawed than advocates and scholars have acknowledged. However, through detailed ethnographic fieldwork with the farmers and by following the product, fair trade can be understood and modified to be more equitable. This book will be of interest to students and academics in anthropology, ethnology, Latin American studies, and labor studies, as well as economists, social scientists, policy makers, fair-trade advocates, and anyone interested in globalization and the realities of fair trade.

The East India Company Book of Coffee Antony Wild.1994 Coffee is one of the world's most popular beverages, but it is so much a part of daily life that people tend to take it for granted. This fascinating book takes the reader behind the scenes, and shows them the story of coffee--its colorful history, where it comes from, how it is produced, and the many different ways of drinking it. Color photos.

Direct Sales and Direct Faith in Latin America P. Cahn.2011-05-09 Since 1990, direct sales have attracted over two million recruits in Mexico and are characterized by a belief in the power of positive thinking. Through an ethnographic portrait, Peter S. Cahn demonstrates that the quasi-religious commission of self-empowerment accounts for the explosive growth of commission-based sales in the developing world.

Journal of Latin American Theology, Volume 14, Number 1 Lindy Scott.2019-08-05 This issue of the Journal of Latin American Theology contains articles from some of the newest members of the FTL who presented papers in local chapters in fulfillment of an essential requirement for active membership in the FTL: the presentation of a written work reflecting original theological thought, rigorous dialogue with other pertinent sources and research instruments, and relevance to Latin American situations. Through this requirement, the FTL provides a strong impetus to practical scholarship and fosters relevant, robust contextual theological reflection. This issue showcases men and women from Colombia, Puerto Rico, Honduras, El Salvador, Uruguay, and Argentina who explore many aspects of church, generosity, identity, art, the prophetic imagination, and liberation.
