Shaolin Qi Gong Shi Xinggui.2008-11-18 Authentic qi gong as practiced in the Shaolin Temple where this discipline originated centuries ago • Reveals the fundamental spiritual principles and includes both a short and long form of the daily exercises • Explains the benefits of mastering energy in the body, such as organ strengthening The great teacher Bodhidharma is credited with the creation of Shaolin Temple qi gong and kung fu in the 6th century CE. Motivated by the terrible physical condition of the monks who spent all their time meditating or copying scrolls, his two-part system promoted physical as well as spiritual fitness and became the basis for all the martial and meditative arts taught in the Shaolin Temple. These ancient practices increase physical health and vitality, enhance creativity, and can be practiced well into old age. Author Shi Xinggui, a Shaolin monk, explains the fundamental principle of qi gong--the art of mastering energy (qi) and moving it through the body--and provides clear demonstrations of all the positions and movements. In order to develop qi attentively, it is necessary to cultivate the art of slowness in both movement and breathwork. Shi Xinggui provides both a short form and a long form of the daily exercises, with lessons on heart centering, organ strengthening, and balancing the energy using the three dantians--the three energy centers of the body.

Why We Love Dogs, Eat Pigs, and Wear Cows Melanie Joy.2020-08 An important and groundbreaking contribution to the struggle for the welfare of animals. -- Yuval Harari, New York Times best-selling author of *Sapiens: A Brief History of Humankind* The book offers an absorbing look at why and how humans can so wholeheartedly devote ourselves to certain animals and then allow others to suffer needlessly, especially those slaughtered for our consumption. Social psychologist Melanie Joy explores the many ways we numb ourselves and disconnect from our natural empathy for farmed animals. She coins the term carnism to describe the belief system that has conditioned us to eat certain animals and not others. In *Why We Love Dogs, Eat Pigs, and Wear Cows*, Joy investigates factory farming, exposing how cruelly the animals are treated, the hazards that meatpacking workers face, and the environmental impact of raising 10 billion animals for food each year. Controversial and challenging, this book will change the way you think about food forever. An absorbing examination of why humans feel affection and compassion for certain animals but are callous to the suffering of others. - Publishers Weekly I think Gandhi would have loved *Why We Love Dogs, Eat Pigs, and Wear Cows*,. For this is a book that can change the way you think and change the way you live. It will lead you from denial to awareness, from passivity to action, and from resignation to hope. - John Robbins, author of *Diet for a New America* and *The Food Revolution*

Rome's Lost Son Robert Fabbri.2015-06-01 The sixth installment in Robert Fabbri's epic Vespasian

series Rome, AD 51: Vespasian brings Rome's greatest enemy before the Emperor. After eight years of resistance, the British warrior Caratacus has been caught. But even Vespasian's victory cannot remove the newly-made consul from Roman politics: Agrippina, Emperor Claudius's wife, pardons Caratacus. Claudius is a drunken fool and Narcissus and Pallas, his freedmen, are battling for control of his throne. Separately, they decide to send Vespasian East to Armenia to defend Rome's interests. But there is more at stake than protecting a client kingdom. Rumors abound that Agrippina is involved in a plot to destabilise the East. Vespasian must find a way to serve two masters—Narcissus is determined to ruin Agrippina, Pallas to save her. Meanwhile, the East is in turmoil. A new Jewish cult is flourishing and its adherents refuse to swear loyalty to the Emperor. In Armenia, Vespasian is captured. Immured in the oldest city on earth, how can he escape? And is a Rome ruled by a woman who despises Vespasian any safer than a prison cell?

Contaminated Complaints Matthias Arndt, Adelina Luft. 2019 An artist lives not only in a world of fantasy, but also in reality. Incorporating an unusual variety of influences, the work of Eko Nugroho (b. Yogyakarta, Indonesia, 1977; lives and works in Yogyakarta) envisions art as a participative process. Meandering between street art, traditional crafts, theater, comic strips, painting, and sculpture, the artist articulates a gentle yet insistent political critique. To convey his ideas, he marshals pink composite beings, lizard-like creatures, and infantile monsters that suggest the neoliberal alienation of our globalized society. Inventively mixing an array of media, Nugroho scrutinizes the structures of Indonesian society, visions of urban life, or forms of intergenerational community. Nugroho's presentation in the Indonesian pavilion at the 55th Venice Biennale first brought him to the attention of European audiences. Nugroho's second monograph documents his creative evolution over the past eight years and is the first book to include the numerous collaborative side projects on which he worked with the curator Enin Supriyanto. With an essay by Lisa Catt, a series of explanatory notes, a conversation with the artist by Matthias Arndt, and a foreword by Adelina Luft.

Gutenberg Stephan Füssel.2020-03-01 Named "Man of the Millennium" in 1999, Johannes Gutenberg was the creator of one of the most influential and revolutionary inventions in Europe's history: a printing press with mechanical movable type. This development sparked the printing revolution, which is regarded as the milestone of the second millennium and represents one of the central contributions in the turn to modernity. His printing press came to play a key role in the development of the Renaissance, the Reformation, and the Age of Enlightenment, providing the material foundation for the modern knowledge-based economy and the spread of learning to the masses. His invention revolutionized the way that information is shared and broadened the boundaries of who has access to written knowledge. Paving the way for bibliophiles of today, the Gutenberg Bible of 1454 remains one of the most famous books in history. Gutenberg's technical innovations remained unrivalled for almost 350 years, until industrialization of the printing industry and the digital revolution built on the advances that he began, increasing the rate at which information is spread. Despite his significance in forming the world as we know it, there has not yet been a rigorous and accessible biography of Gutenberg published in English. Written by the leading expert on Gutenberg, Füssel's biography brings together high academic standards and thorough historical details in a highly readable text that conveys everything you need to know about the man who changed printing forever.

The New Parisienne Lindsey Tramuta. 2020-07-07 "Tramuta sweeps away the tired clichés of the Parisian woman with her vivid profiles of the dynamic and creative 'femmes' now powering the French capital." —Eleanor Beardsley, NPR Paris correspondent The New Parisienne focuses on one of the city's most prominent features, its women. Lifting the veil on the mythologized Parisian woman—white, lithe, ever fashionable—Lindsey Tramuta demystifies this oversimplified archetype and recasts the women of Paris as they truly are, in all their complexity. Featuring 50 activists, creators, educators, visionaries, and disruptors—like Leïla Slimani, Lauren Bastide, and Mayor Anne Hidalgo—the book reveals Paris as a blossoming cultural center of feminine power. Both the featured women and Tramuta herself offer up favorite destinations and women-owned businesses, including beloved shops, artistic venues, bistros, and more. The New Parisienne showcases "Parisianness" in all its multiplicity, highlighting those who are bucking tradition, making names for themselves, and transforming the city. "With stunning photographs and inspiring profiles, Lindsey Tramuta tramples the myths and takes us into the lives of real Parisiennes. Bravo!" —Pamela Druckerman, New York Times bestselling author of *Bringing Up Bébé* "Like the subjects of her book, Lindsey Tramuta is a force. The New Parisienne is the go-to chronicle of the joyful, progressive, pioneering women of a city that Tramuta understands with deep intelligence." —Lauren Collins, New York Times bestselling author of *When in French* "Tramuta's new book posits that Parisian women have been ahead of these radically changing times. But rather than being trendsetters in the stylish sense, they qualify as visionaries and agents of change across spheres of diversity, tech, culture, politics, and more." —Vogue

We learn about the great climate SHOCK, when global temperatures rise much faster than anticipated, resulting in catastrophic consequences for humanity. We learn about a shift away from democracy, toward unelected "ethnarchs" — heads of corporations who use their access to our personal data to competently run the world. We learn about the giant city towers where most people live, work and play inside — where it's safe from natural disasters and viral outbreaks. And between these interviews, we learn more about Billy, whose interest in the history that has been erased from the official record is causing trouble in 2050.
