The Yellow Wall-Paper Charlotte Perkins Gilman.2024-03-21 She has just given birth to their child. He labels her postpartum depression as »hysteria.« He rents the attic in an old country house. Here, she is to rest alone - forbidden to leave her room. Instead of improving, she starts hallucinating, imagining herself crawling with other women behind the room's yellow wallpaper. And secretly, she records her experiences. The Yellow Wall-Paper [1892] is the short but intense, Gothic horror story, written as a diary, about a woman in an attic - imprisoned in her gender; by the story. Charlotte Perkins Gilman's feminist novella was long overlooked in American literary history. Nowadays, it is counted among the classics. CHARLOTTE PERKINS GILMAN (1860–1935), born in Hartford, Connecticut, was an American feminist theorist, sociologist, novelist, short story writer, poet, and playwright. Her writings are precursors to many later feminist theories. With her radical life attitude, Perkins Gilman has been an inspiration for many generations of feminists in the USA. Her most famous work is the short story The Yellow Wall-Paper [1892], written when she suffered from postpartum psychosis.

Man and His Symbols Carl G. Jung.2012-02-01 The landmark text about the inner workings of the unconscious mind—from the symbolism that unlocks the meaning of our dreams to their effect on our waking lives and artistic impulses—featuring more than a hundred images that break down Carl Jung's revolutionary ideas “What emerges with great clarity from the book is that Jung has done immense service both to psychology as a science and to our general understanding of man in society.”—The Guardian “Our psyche is part of nature, and its enigma is limitless.” Since our inception, humanity has looked to dreams for guidance. But what are they? How can we understand them? And how can we use them to shape our lives? There is perhaps no one more equipped to answer these questions than the legendary psychologist Carl G. Jung. It is in his life's work that the unconscious mind comes to be understood as an expansive, rich world just as vital and true a part of the mind as the conscious, and it is in our dreams—those personal, integral expressions of our deepest selves—that it communicates itself to us. A seminal text written explicitly for the general reader, Man and His Symbols is a guide to understanding the symbols in our dreams and using that knowledge to build fuller, more receptive lives. Full of fascinating case studies and examples pulled from philosophy, history, myth, fairy tales, and more, this groundbreaking work—profusely

illustrated with hundreds of visual examples—offers invaluable insight into the symbols we dream that demand understanding, why we seek meaning at all, and how these very symbols affect our lives. By illuminating the means to examine our prejudices, interpret psychological meanings, break free of our influences, and recenter our individuality, *Man and His Symbols* proves to be—decades after its conception—a revelatory, absorbing, and relevant experience.

Gun Island Amitav Ghosh.2019-09-10 Named a Best Book of Fall by Vulture, Chicago Review of Books and Amazon From the award-winning author of the bestselling epic Ibis trilogy comes a globetrotting, folkloric adventure novel about family and heritage Bundook. Gun. A common word, but one that turns Deen Datta's world upside down. A dealer of rare books, Deen is used to a quiet life spent indoors, but as his once-solid beliefs begin to shift, he is forced to set out on an extraordinary journey; one that takes him from India to Los Angeles and Venice via a tangled route through the memories and experiences of those he meets along the way. There is Piya, a fellow Bengali-American who sets his journey in motion; Tipu, an entrepreneurial young man who opens Deen's eyes to the realities of growing up in today's world; Rafi, with his desperate attempt to help someone in need; and Cinta, an old friend who provides the missing link in the story they are all a part of. It is a journey that will upend everything he thought he knew about himself, about the Bengali legends of his childhood, and about the world around him. Amitav Ghosh's *Gun Island* is a beautifully realized novel that effortlessly spans space and time. It is the story of a world on the brink, of increasing displacement and unstoppable transition. But it is also a story of hope, of a man whose faith in the world and the future is restored by two remarkable women.

Dozakhnama Rabisankar Bal.2012-12-28 *Dozakhnama: Conversations in Hell* is an extraordinary novel, a biography of Manto and Ghalib and a history of Indian culture rolled into one. Exhumed from dust, Manto's unpublished novel surfaces in Lucknow. Is it real or is it a fake? In this dastan, Manto and Ghalib converse, entwining their lives in shared dreams. The result is an intellectual journey that takes us into the people and events that shape us as a culture. As one writer describes it, 'I discovered Rabisankar Bal like a torch in the darkness of the history of this subcontinent. This is the real story of two centuries of our own country.' Rabisankar Bal's audacious novel, told by reflections in a mirror and forged in the fires of hell, is both an oral tale and a shield against oblivion. An echo of distant screams. Inscribed by the devil's quill, *Dozakhnama* is an outstanding performance of subterranean memory.

The Vedantic Relationality of Rabindranath Tagore Ankur Barua.2018-10-25 This book is a thematic study of the poet-thinker Rabindranath Tagore's conceptual project of harmonizing the one and its many. Tagore's writings, in Bengali and in English, on religious and social themes are held together by the leitmotif of a "harmony" which operates across several existential, religious, and social polarities - the finite and the infinite, the temporal and the eternal, and the individual and the universal. Tagore creatively appropriated materials from diverse sources such as the classical Hindu Vedāntic systems, the folk piety of Bengal, and others, to configure a dialectic which shapes his writings on both religious and social themes. On the one hand, each individual is irreducibly distinct from everyone else, and, on the other hand, each individual gains their spiritual depth precisely by being placed within the dynamic matrices of an interrelated whole. Thus, we find Tagore rejecting certain monastic forms of Hindu world-renunciation and also certain ecstatic dimensions of devotional worship - the former because they efface individuality and the latter because they can generate self-absorbed styles of living. Again, Tagore is as sharply opposed to Bengali imitateness of English modes of being in the world as he is to Bengali forms of insularity - the former because it dilutes the concrete richness of indigenous lifeforms and the latter because it confines individuals to parochial enclosures. Tagore's life-long endeavor was to configure a "third way" by rejecting both the blank homogeneity of an undifferentiated one and the particularistic insularities of a multitude without a deeper center of coherence.

Indian Sculpture: Circa 500 B.C.-A.D. 700 Los Angeles County Museum of Art,Pratapaditya Pal.1986-01-01 The sheer wealth and dizzying diversity of Indian sculpture are celebrated in this second volume of the catalogue raisonné of the Los Angeles County Museum's collection. Nearly two hundred sculptures produced during eleven centuries are described. Of these, one-quarter of the pieces are part of the Nasli and Alice Heeramaneck Collection, while the remaining three-quarters have been acquired since 1970. This splendid collection, while not representing all the major styles of sculpture that flourished on the Indian subcontinent from 700-1900, is certainly one of the most comprehensive among American and European museums. Included are stone, metal, ivory, and wood sculptures from fourteen states and territories of India and from Pakistan and Afghanistan. Organized by regions--Central and Western, Eastern, and Southern India, and the Northwest--the catalogue contains detailed descriptions and illustrations of the 188 sculptures, many with details or multiple views, for a total of 259 illustrations--251 in duotone and halftone and 8 in color.

Poems Rabindranath Tagore.2007 Tagore S English Writings Originals And Translations Have Not Received The Attention That They Deserve. The Purpose Of This Edition Is To Make The English Writings Of Tagore Available To The Widest Possible Range Of Readers Interested In The Writings Of Tagore All Over The World, With Just The Bare, Minimum Information Necessary For Appreciating The Writings, And Leave The Critical Assessment To The Readers Themselves. There May Be Two Possible Reasons For The Neglect Of Tagore S English Writings. Firstly, Tagore S Prolific Output, Shakespearean Felicity And Protean Plasticity As A Bengali Poet, Who, Though Well-Versed In English, Chose To Write In The Medium Of His Mother Tongue For Nearly The First Fifty Years Of His Life, And There Is Hardly Any Literary Form That He Did Not Touch Upon And Turn Into Gold. His Creative Genius Found Expression In Poems, Plays, Novels, Essays, Short Stories, Satirical Pieces, Textbooks For Children, And Songs Of All Kinds. The Only Literary Form That He Did Not Try Is Epic. But In His Long, Eventful And Creative Eighty Years Of Life He Virtually Lived An Epic. It Is Largely Due To His Mighty Stature As A Bengali Poet That Nobody Really Bothered About His English Writings And His Own Translations Of His Own Writings. Secondly, It Is Owing To The Supposedly Poor Quality Of His Translations Subsequent To The Translation Of *Gitanjali*. It Was Only After Tagore Received The Nobel Prize For Literature In 1913 That There Was A Growing Demand For His Writings In The West, And As Tagore Was Not Apparently Satisfied By The Translations That Others Mainly His Admirers Made, He Began To Translate His Writings Himself. But The Tremendous Haste With Which He Had To Translate, Possibly Affected The Quality Of Translations. Come What May, The Point Is Whether Tagore S English Translations Are Good Or Bad, Whether The Translation Furthered His Reputation Or Damaged It, Is Immaterial. The Fact Of The Matter Is That They Are His, And His Own Translation Of Whatever Quality It May Be Is More Valuable To A Tagore Lover Than The Best Translation Made By Somebody Else, As Van Gogh S One Original Single Scratch Is More Valuable Than The Best Possible Copy By Some Other Artist. The Value Of Tagore S English Writings Lies Here : They Constitute An Important Part Of His Total Oeuvre, Add A New Magnificent Dimension To It And Offer Us A Glimpse Into The Mystique Of The Creative Anxiety That Could Have Haunted Even The Greatest Writer Of The Twentieth Century, About His Possible Reception In An Alien Culture.

The Fingerprint U. S. Department Justice.2014-08-02 The idea of The Fingerprint Sourcebook originated during a meeting in April 2002. Individuals representing the fingerprint, academic, and scientific communities met in Chicago, Illinois, for a day and a half to discuss the state of fingerprint identification with a view toward the challenges raised by Daubert issues. The meeting was a joint project between the International Association for Identification (IAI) and West Virginia University (WVU). One recommendation that came out of that meeting was a suggestion to create a sourcebook for friction ridge examiners, that is, a single source of researched information regarding the subject. This sourcebook would provide educational, training, and research information for the international scientific community.

Can you love someone you can never touch? Stella Grant likes to be in control—even though her totally out of control lungs have sent her in and out of the hospital most of her life. At this point, what Stella needs to control most is keeping herself away from anyone or anything that might pass along an infection and jeopardize the possibility of a lung transplant. Six feet apart. No exceptions. The only thing Will Newman wants to be in control of is getting out of this hospital. He couldn't care less about his treatments, or a fancy new clinical drug trial. Soon, he'll turn eighteen and then he'll be able to unplug all these machines and actually go see the world, not just its hospitals. Will's exactly what Stella needs to stay away from. If he so much as breathes on Stella she could lose her spot on the transplant list. Either one of them could die. The only way to stay alive is to stay apart. But suddenly six feet doesn't feel like safety. It feels like punishment. What if they could steal back just a little bit of the space their broken lungs have stolen from them? Would five feet apart really be so dangerous if it stops their hearts from breaking too?

Starting School Liz Brooker.2002-04-16 This is a unique portrait of a group of working-class families whose 4 year old children start school on the cusp of the millenium in urban Britain. It is a brilliant analysis of ways in which parents, children and teachers strive to cross cultural and linguistic boundaries to come to a common understanding of 'school'. Beautifully written, it is essential reading for all involved in the education of young children. - Eve Gregory, Professor of Language and Culture in Education, Goldsmiths, University of London. This book will challenge and support practitioners in their quest to improve early childhood practice. The use of theory is 'friendly' and the real-life examples of the experiences of young children and their parents really bring home to the reader the experience of inequality. Readers will rarely find a book which expresses the complexity of educational experience in such an accessible form. This is a valuable book for every level of early years training. - Iram Siraj-Blatchford, Professor of Early Childhood Education, Institute of Education, University of London. How does the home experience of children from poor and ethnic minority communities influence their adaptation to school? How does the traditional 'child-centred' and progressive pedagogy of early years classrooms meet the needs of children from culturally diverse backgrounds? Starting School seeks to address these key questions by tracing the learning experiences of individual children from a poor inner-urban neighbourhood - half of them from Bangladeshi families - as they acquire the knowledge appropriate to their home culture and then take this knowledge to their reception class. The book highlights the small differences in family life - in parenting practices, in perspectives on childhood, and in beliefs about work and play - which make a big difference to children's adaptations to school. In other words, it shows how children succeed and fail from their early days at school. It shows too how the 'good intentions' of good teachers can sometimes allow children from certain backgrounds to become disaffected, and learn to fail; and it suggests ways of working with children from working class and multicultural families which may help both children and parents to gain a better understanding of school learning in the UK.

The Yellow Wallpaper Illustrated Charlotte Perkins Gilman.2019-07-03 The story details the descent of a young woman into madness. Her supportive, though misunderstanding husband, John, believes it is in her best interests to go on a rest cure after experiencing symptoms of temporary nervous depression. The family spends the summer at a colonial mansion that has, in the narrator's words, something queer about it. She and her husband move into an upstairs room that she assumes was once a nursery. Her husband chooses for them to sleep there due to its multitude of windows, which provide the air so needed in her recovery. In addition to the couple, John's sister Jennie is present; she serves as their housekeeper. Like most nurseries at the time the windows are barred, the wallpaper has been torn, and the floor is scratched. The narrator attributes all these to children, as most of the damage is isolated to their reach. Ultimately, though, readers are left unsure as to the source of the room's state, leading them to see the ambiguities in the unreliability of the narrator. The narrator devotes many journal entries to describing the wallpaper in the room - its yellow smell, its breakneck pattern, the missing patches, and the way it leaves yellow smears on the skin and clothing of anyone who touches it. She describes how the longer one stays in the bedroom, the more the wallpaper appears to mutate, especially in the moonlight. With no stimulus other than the wallpaper, the pattern and designs become increasingly intriguing to the narrator. She soon begins to see a figure in the design, and eventually comes to believe that a woman is creeping on all fours behind the pattern. Believing she must try to free the woman in the wallpaper, the woman begins to strip the remaining paper off the wall. After many moments of tension between John and his sister, the story climaxes with the final day in the house. On the last day of summer, she locks herself in her room to strip the remains of the wallpaper. When John arrives home, she refuses to unlock the door. When he returns with the key, he finds her creeping around the room, circling the walls and touching the wallpaper. She excitedly exclaims, I've got out at last... in spite of you and Jane, causing her husband to faint as she continues to circle the room, creeping over his inert body each time she passes it, believing herself to have become the personification of the woman trapped behind the yellow wallpaper.
