The Scarab Murder Case (A Philo Vance Detective Story) S. S. Van Dine.2016-01-15 This early work by S. S. Van Dine was originally published in 1930 and we are now republishing it with a brand new introduction. 'The Scarab Murder Case' is one of Van Dine's novels of crime and mystery. S. S. Van Dine was born Willard Huntington Wright in Charlottesville, Virginia in 1888. He attended St. Vincent College, Pomona College and Harvard University, but failed to graduate, leaving to cultivate contacts he had made in the literary world. At the age of twenty-one, Wright began his professional writing career as literary editor of the Los Angeles Times. In 1926, Wright published his first S. S. Van Dine novel, The Benson Murder Case. Wright went on to write eleven more mysteries. The first few books about his upper-class amateur sleuth, Philo Vance, were so popular that Wright became wealthy for the first time in his life. His later books declined in popularity as the reading public's tastes in mystery fiction changed, but during the late twenties and early thirties his work was very successful.

*Dinosauri* Kristin Pardo.2016-02-08 Dinosauri: Foto Incredibili & Fatti Divertenti Libro per Bambini Tanto tempo fa, la Terra era piena di creature giganti e meravigliose. Gli uomini moderni non c'erano ancora, ma c'erano gli alberi, gli insetti e gli animali. Alcuni di questi animali erano dinosauri. Il nome dinosauro venne dato da un uomo che studiava la loro specie. Il suo nome era Sir Robert Owen. Coniò questo termine partendo da due parole greche, deinos e sauros. Deinos significa paurosamente-grande e sauros significa lucertola, e questo è il motivo per cui originariamente dinosauro significava lucertola paurosamente-grande, ma per semplificare tutto questo, il significato della parola dinosauro divenne lucertola terribile. Però non tutti i dinosauri erano terribili; e non erano neppure delle lucertole. C'erano diversi tipi di dinosauri. Alcuni erano piccoli come un cane, alcuni erano 2 o 3 volte più alti di una giraffa o più grossi di un'orca assassina. Alcuni mangiavano piante, e alcuni mangiavano carne.

**The Black Camel** Earl Derr Biggers.2015-07-03 This early work by Earl Derr Biggers was originally published in 1929 and we are now republishing it with a brand new introductory biography. The “Black Camel” tells the story of a Hollywood star (Shelah Fane), who is stopping in Hawaii after she finished shooting a film on location in Tahiti. She is murdered in the pavilion of her renter house in Waikiki during her stay. Chan, in his position as a detective with the Honolulu Police Department, investigates amid public clamor demanding that the murderer be found and punished immediately. “Death is a black camel that kneels unbidden at every gate. Tonight black camel has knelt here”, Chan tells the suspects. Earl Derr Biggers was born on 26th August 1884 in Warren, Ohio, USA. Biggers received his further education at Harvard University, where he developed a reputation as a literary rebel, preferring the popular modern authors, such as Rudyard Kipling and Richard Harding Davis to the established figures of classical literature. Following in their footsteps upon graduating,

he himself began a career as a popular writer, penning humorous articles and reviews for the Boston Traveler. While on holiday in Hawaii, Biggers heard tales of a real-life Chinese detective operating in Honolulu, named Chang Apana. This inspired him to create his most enduring legacy in the character of super-sleuth Charlie Chan. The first Chan story "The House Without a Key" (1925) was published as a serialised story in the Saturday Evening Post and then released as a novel in the same year. Biggers went on to write five more Chan novels and all were licensed for movie adaptations by Fox Films. These films were hugely popular with several different actors taking the lead role of Chan. Eventually; over 40 films were produced featuring the character. Biggers only saw the early on-screen successes of Charlie Chan due to his death at the age of only 48 from a heart attack in April 1933.

He's a rockstar." - Gene Simmons Mark's energy, his creativity, his drive, his positive attitude and his enthusiasm that make him one of the legends of rock photography. It's why his work—both old and new—is still so in demand today. Mark Weiss inspires greatness in all he turns his camera lens on. But don't take my word for it.
