Becoming Superman J. Michael Straczynski.2019-07-23 A Hugo Award Nominee! Featuring an introduction by Neil Gaiman! "J. Michael Straczynski is, without question, one of the greatest science fiction minds of our time." -- Max Brooks (*World War Z*) For four decades, J. Michael Straczynski has been one of the most successful writers in Hollywood, one of the few to forge multiple careers in movies, television and comics. Yet

there's one story he's never told before: his own. In this dazzling memoir, the acclaimed writer behind *Babylon 5*, *Sense8*, Clint Eastwood's *Changeling* and Marvel's *Thor* reveals how the power of creativity and imagination enabled him to overcome the horrors of his youth and a dysfunctional family haunted by madness, murder and a terrible secret. Joe's early life nearly defies belief. Raised by damaged adults—a con-man grandfather and a manipulative grandmother, a violent, drunken father and a mother who was repeatedly institutionalized—Joe grew up in abject poverty, living in slums and projects when not on the road, crisscrossing the country in his father's desperate attempts to escape the consequences of his past. To survive his abusive environment Joe found refuge in his beloved comics and his dreams, immersing himself in imaginary worlds populated by superheroes whose amazing powers allowed them to overcome any adversity. The deeper he read, the more he came to realize that he, too, had a superpower: the ability to tell stories and make everything come out the way he wanted it. But even as he found success, he could not escape a dark and shocking secret that hung over his family's past, a violent truth that he uncovered over the course of decades involving mass murder. Straczynski's personal history has always been shrouded in mystery. *Becoming Superman* lays bare the facts of his life: a story of creation and darkness, hope and success, a larger-than-life villain and a little boy who became the hero of his own life. It is also a compelling behind-the-scenes look at some of the most successful TV series and movies recognized around the world.

Now a new mission awaits as the Circle contrives a plan that may enable the five hundred mages to escape without leaving a trace. Dispatched to the Shadow's ancient capitol to uncover the enemy's plans, Galen will find everything he so desperately seeks--including a shocking legacy that threatens to consume his very soul. *Babylon 5* created by J. Way Station Clifford D. Simak.2015-07-21 Hugo Award Winner: In backwoods Wisconsin, an ageless hermit welcomes alien visitors—and foresees the end of humanity . . . Enoch Wallace is not like other humans. Living a secluded life in the backwoods of Wisconsin, he carries a nineteenth-century rifle and never seems to age—a fact that has recently caught the attention of prying government eyes. The truth is, Enoch is the last surviving veteran of the American Civil War and, for close to a century, he has operated a secret way station for aliens passing through on journeys to other stars. But the gifts of knowledge and immortality that his intergalactic guests have bestowed upon him are proving to be a nightmarish burden, for they have opened Enoch's eyes to humanity's impending destruction. Still, one final hope remains for the human race . . . though the cure could ultimately prove more terrible than the disease. Winner of the Hugo Award for Best Novel, *Way Station* is a magnificent example of the fine art of science fiction as practiced by a revered Grand Master. A cautionary tale that is at once ingenious, evocative, and compassionately human, it brilliantly supports the contention of the late, great Robert A. Heinlein that “to read science-fiction is to read Simak.”
