A Lion Called Christian Anthony Bourke,John Rendall.2009-03-10 NEW YORK TIMES BESTSELLER • "A stirring tale of a rare bond formed between humans and an animal."—Time Two men. One baby lion. What could go wrong? A Lion Called Christian tells the remarkable story of how Anthony "Ace" Bourke and John Rendall, visitors to London from Australia in 1969, bought a boisterous lion cub in the pet department of Harrods. For several months, the three of them shared a flat above a furniture shop on London's King's Road, where the charismatic and intelligent Christian quickly became a local celebrity, cruising the streets in the back of a Bentley, popping in for lunch at a local restaurant, even posing for a fashion advertisement. But the lion cub was growing up—fast—and soon even the walled church garden where he went for exercise wasn't large enough for him. How could Ace and John avoid having to send Christian to a zoo for the rest of his life? A coincidental meeting with English actors Virginia McKenna and Bill Travers, stars of the hit film Born Free, led to Christian being flown to Kenya and placed under the expert care of the "father of lions" George Adamson. Incredibly, when Ace and John returned to Kenya to see Christian a year later, they received a loving welcome from their lion, who was by then fully integrated into Africa and a life with other lions. A video of this reunion has become a YouTube classic. Originally published in 1971, and now fully revised and updated with more than 50 photographs of Christian from cuddly cub in London to magnificent lion in Africa, A Lion Called Christian is a touching and uplifting true story of an indelible human-animal bond. It is destined to become one of the great classics of animal literature.

The Art and Making of Dumbo Leah Gallo.2019-03-26 Tim Burton's latest motion picture, Dumbo, elegantly answers the question left at the end of Disney's animated film: What would the world do, if an elephant could fly? Burton is known for creating fantasy worlds, or fantastical real worlds, that are visually stunning and full of trademark characteristics: gothic sensibilities, spirals, stripes, bold colors, and elongated and exaggerated aesthetics. He populates them with unique and distinctive characters who are large-eyed and taper-limbed and often visibly different in some way. His films are quirky, humorous, emotional, and sympathetic to those who don't fit the definition of normal. Every single one is a celebration of individuality, and Burton's Dumbo is no exception. In The Art and Making of Dumbo, author and longtime Burton collaborator Leah Gallo, after first setting the stage with a thoughtful history on Disney's 1941 animated classic, shares a detailed account of how Burton and his talented team reimaged this tale into a magical new film. Through interviews with the cast and crew, a breathtaking collection of art and photography, and a stylish design by fellow Burton collaborator Holly Kempf, this book is an appreciation of the dozens of departments and thousands of people who overlapped, interacted, and collaborated to bring to life the story of a flying elephant and the humans who wanted to exploit him along with those who loved and helped him. Dumbo's story development, location scouting, casting, costuming, set design, special effects, music, and more are vividly presented here in a true celebration of heart and imagination.
