El Mercader de Camellos Del Sahara Felipe Conde.2012-01-13 The Merchant relives the history of the great camel caravans, of nomadic life in the desert, the food, customs and how one great patriarch's life intersects with the figure of Jesus, with his preaching, miracles, and with certain events in the life of the Messiah and of the friends who surround him, seen through the eyes of a camel merchant. The merchant decides to give up his life in remote desert crossings and settles in the region of Jerusalem, marries a woman from the area, and has children with the new doctrine he takes as his own, even paying a translator to explain the words of Jesus, and following him to the mass gatherings at Galilee, but always tending to his work, the camel trade, and the adventures that frame his life and become intriguing.

[Spanish National Cinema](#) Nuria Triana-Toribio.2012-11-12 This study examines the discourses of nationalism as they intersected or clashed with Spanish film production from its inception to the present. While the book addresses the discourses around filmmakers such as Almodóvar and Medem, whose work has achieved international recognition, Spanish National Cinema is particularly novel in its treatment of a whole range of popular cinema rarely touched on in studies of Spanish cinema. Using accounts of films, popular film magazines and documents not readily available to an English-speaking audience, as well as case studies focusing on the key issues of each epoch, this volume illuminates the complex and changing

relationship between cinema and Spanish national identity.

Latino Peoples in the New America José A. Cobas, Joe R. Feagin, Daniel J. Delgado, Maria Chávez. 2018-12-10 Latinos are the largest group among Americans of color. At 59 million, they constitute nearly a fifth of the US population. Their number has alarmed many in government, other mainstream institutions, and the nativist right who fear the white-majority US they have known is disappearing. During the 2016 US election and after, Donald Trump has played on these fears, embracing xenophobic messages vilifying many Latin American immigrants as rapists, drug smugglers, or gang bangers. Many share such nativist desires to build enhanced border walls and create immigration restrictions to keep Latinos of various backgrounds out. Many whites' racist framing has also cast native-born Latinos, their language, and culture in an unfavorable light. Trump and his followers' attacks provide a peek at the complex phenomenon of the racialization of US Latinos. This volume explores an array of racialization's manifestations, including white mob violence, profiling by law enforcement, political disenfranchisement, whitewashed reinterpretations of Latino history and culture, and depictions of good Latinos as racially subservient. But subservience has never marked the Latino community, and this book includes pointed discussions of Latino resistance to racism. Additionally, the book's scope goes beyond the United States, revealing how Latinos are racialized in yet other societies.

Imaging The Great Puerto Rican Family Hilda Lloréns. 2014-10-30 In *Imaging The Great Puerto Rican Family: Framing Nation, Race and Gender during the American Century*, Hilda Lloréns offers a ground-breaking study of images—photographs, postcards, paintings, posters, and films—about Puerto Rico and Puerto Ricans made by American and Puerto Rican image-makers between 1890 and 1990. Through illuminating discussions of artists, images, and social events, the book offers a critical analysis of the power-laden cultural and historic junctures imbricated in the creation of representations of Puerto Rico and Puerto Ricans by Americans (“outsiders”) and Puerto Ricans (“insiders”) during an historical epoch marked by the twin concepts of “modernization” and “progress.” The study excavates the ways in which colonial power and resistance to it have shaped representations of Puerto Rico and its people. Hilda Lloréns demonstrates how nation, race, and gender figure in representation, and how these representations in turn help shape the discourses of nation, race, and gender. *Imaging The Great Puerto Rican Family* masterfully illustrates that as significant actors in the shaping of national conceptions of history image-makers have created iconic symbols deeply enmeshed in an “emotional aesthetics of nation.” The book proposes that images as important conveyers of knowledge and information are a fertile data site. At the same time, Lloréns underscores how colonial modernity turned global, the conceptual framework informing the analysis, not only calls attention to the national and global networks in which image-makers have been a part of, and by which they have been influenced, but highlights the manners by which technologies of imaging and “seeing” have been prime movers as well as critics of modernity.

Barreto, Vladimir Latinovic. 2023-12-10 This is the second of two volumes of essays from the Ecclesiological Investigations International Research Network's 14th International Conference focused on decolonizing churches and theology, addressing oppressions based on gender, racial, and ethnic identities; economic inequality; social vulnerabilities; climate change and global challenges such as pandemics, neoliberalism, and the role of information technology in modern society, all connected with the topic of decolonization. Cinema of Contradiction Sally Faulkner. 2006-02-22 A key decade in world cinema, the 1960s was also a crucial era of change in Spain. A Cinema of Contradiction, the first book to focus in depth on this period in Spain, analyses six films that reflect and interpret these transformations. The coexistence of traditional and modern values and the timid acceptance of limited change by Franco's authoritarian regime are symptoms of the uneven modernity that characterises the period. Contradiction--the unavoidable effect of that unevenness--is the conceptual terrain explored by these six filmmakers. One of the most significant movements of Spanish film history, the 'New Spanish Cinema' art films explore contradictions in their subject matter, yet are themselves the contradictory products of the state's protection and promotion of films that were ideologically opposed to it. A Cinema of Contradiction argues for a new reading of the movement as a compromised yet nonetheless effective cinema of critique. It also demonstrates the possible contestatory value of popular films of the era, suggesting that they may similarly explore contradictions. This book therefore reveals the overlaps between art and popular film in the period, and argues that we should see these as complementary rather than opposing areas of cinematic activity in Spain.

Deference and Defiance in Monterrey Michael Snodgrass. 2003-06-02 The first comprehensive history of labour relations and the working class in twentieth-century Monterrey, Deference and Defiance explores how both workers and industrialists perceived, responded to and helped shape the outcome of Mexico's revolution. Snodgrass's narrative covers a sixty-year period that begins with Monterrey's emergence as one of Latin-America's pre-eminent industrial cities. He then explores the roots of two distinct and enduring systems of industrial relations that were both historical outcomes of the revolution: company paternalism and militant unionism. By comparing four local industries - steel, beer, glass and smelting - Snodgrass demonstrates how workers and managers collaborated in the development of paternalistic labour regimes that built upon working-class traditions of mutual aid as well as elite resistance to state labour policies. Deference and Defiance in Monterrey thus offers an urban and industrial perspective to a history of revolutionary Mexico that remains overshadowed by studies of the countryside.

Reconfiguraciones políticas de la etnicidad en Colombia Tomo 2 François Correa Rubio, Marcela Quiroga Zuluaga. 2020-05-01 Reconfiguraciones políticas de la etnicidad en Colombia es una colección de libros que convocó a un representativo número de investigadores para analizar las

transformaciones sociopolíticas de los grupos étnicos colombianos con posterioridad a la emisión de la Constitución de 1991. La reforma consagró algunos de sus derechos fundamentales, al tiempo que aclimató la política neoliberal que, al hacer descansar la economía en la extracción de recursos minero-energéticos, pone en riesgo la estabilidad territorial y los derechos fundamentales de las comunidades rurales, afrocolombianas e indígenas. Este segundo tomo concentra su atención en los pueblos indígenas del área andina, cuya diversidad sociocultural no solo ha dependido de su propia dinámica, sino de la intensa relación con la sociedad nacional que desde tiempos de la Colonia ha impuesto poderosas transformaciones de sus sociedades y culturas. Los autores resaltan las recientes iniciativas del Estado en la incorporación de sus comunidades a la sociedad estatalizada, y las tensiones y los retos que plantean las respuestas de los pueblos y organizaciones indígenas que buscan resguardar su autonomía social, política y cultural.

A Companion to Spanish Cinema Bernard P. E. Bentley.2008 This volume offers a detailed chronological account of the history of Spanish cinema.

100 Years of European Cinema Diana Holmes,Alison Smith.2000 Cinema is entertainment that also communicates a set of values and a vision of the world. This book explores the complex relationship between entertainment, ideology, and audiences from the Stalinist musicals of the 1930s through cinematic representations of masculinity under Franco, to recent French films and their Hollywood remakes. It covers film from the former Soviet Union, Germany East and West, Czechoslovakia, France, and Spain, and the relationship between Europe and Hollywood.

Seams of Empire Carlos Alamo-Pastrana.2019-04-08 “A truly excellent contribution that unearths new and largely unknown evidence about relationships between Puerto Ricans and African-Americans and white Americans in the continental United States and Puerto Rico. Alamo-Pastrana revises how race is to be studied and understood across national, cultural, colonial, and hierarchical cultural relations.”—Zaire Zenit Dinzey-Flores, author of *Locked In, Locked Out: Gated Communities in a Puerto Rican City* Puerto Rico’s colonial relationship with the United States and its history of intermixture of native, African, and Spanish inhabitants has prompted inconsistent narratives about race and power in the colonial territory. Departing from these accounts, early twentieth-century writers, journalists, and activists scrutinized both Puerto Rico’s and the United States’s institutionalized racism and colonialism in an attempt to spur reform, leaving an archive of oft-overlooked political writings. In *Seams of Empire*, Carlos Alamo-Pastrana uses racial imbrication as a framework for reading this archive of little-known Puerto Rican, African American, and white American radicals and progressives, both on the island and the continental United States. By addressing the concealed power relations responsible for national, gendered, and class differences, this method of textual analysis reveals key symbolic and material connections between marginalized groups in both national spaces and traces the complexity of race, racism, and conflict on the edges of empire.

La nación desdibujada Claudio Lomnitz.2016-09-18 ¿De qué hablamos cuando hablamos de México? El país ha cambiado a tal velocidad durante las últimas tres décadas que es difícil, si no imposible, definir hoy sus contornos. ¿Dónde empieza y donde termina la nación? ¿Quiénes somos? ¿Qué ideas y prácticas nos representan? Esto es, por lo pronto, seguro: los viejos relatos sobre la nación y la mexicanidad ya no sirven en nuestra

conflictiva, asimétrica, inabarcable sociedad contemporánea. 'La nación desdibujada' reúne trece ensayos (y un bonus track) sobre México en la era del neoliberalismo y la globalización. Ayotzinapa, Mamá Rosa, Oscar Lewis, el sismo de 1985, la (¿incompleta?, ¿frustrada?, ¿inexistente?) transición a la democracia, Octavio Paz, los mexicanos de este lado y de aquél, las repetidas crisis económicas, Carlos Chávez, Memín Pinguín, nuestro atribulado pasado, nuestro atribulado presente... Todo esto y todos ellos recorren, poderosamente, las páginas de este libro necesario.

The Encyclopedia of Contemporary Spanish Films Salvador Jimenez Murguía,Alex Pinar.2018-05-18 Under the Franco regime (1939-1976), films produced in Spain were of poor quality, promoted the regime's agenda, or were heavily censored. After the dictator's death, the Spanish film industry transitioned into a new era, one in which artists were able to more freely express themselves and tackle subjects that had been previously stifled. Today, films produced in Spain are among the most highly regarded in world cinema. The Encyclopedia of Contemporary Spanish Films features nearly 300 entries on the written by a host of international scholars and film critics. Beginning with movies released after Franco's death, this volume documents four decades of films, directors, actresses and actors of Spanish cinema. Offering a comprehensive survey of films, the entries address such topics as art, culture, society and politics. Each includes comprehensive production details and provides brief suggestions for further reading. Through its examination of the films of the post-Franco period, this volume offers readers valuable insights into Spanish history, politics, and culture. Understanding the Discourse of Aging Vicent Salvador,Agnese Sampietro.2020-11-09 There are a number of books and articles covering particular facets of the topic of aging, such as the image of the elderly in the media, cinema, TV series and commercials, and in literature, which of course provide useful background material and references. However, these studies on aging discourse predominantly focus on a single discipline. This book adds a fresh perspective, by addressing the communicative practices surrounding age, aging and the elderly from a multidisciplinary perspective. The volume addresses several issues related to the discourse on aging, from the problems related to definitions of age to the image of the elderly in literature, cinema, and mass media, and gendered issues surrounding the aging process.

La gran familia de Zamora Ricardo Fletes,Jean Meyer.2017-11-17 En julio de 2014, la televisión y la prensa escrita dieron a conocer diversas noticias sobre la Gran Familia de Zamora, Michoacán. En varios reportajes se difundieron cargos sin prueba alguna, acompañados por fotografías donde aparecían niñas y niños asustados por un operativo desmedido. El revuelo mediático causó una grave polarización en la ciudadanía... Hoy podemos formular algunas preguntas con más calma: ¿cómo surgió la Gran Familia? ¿Cómo creció y a qué población atendió durante más de 50 años? ¿Cómo se sostuvo esta institución a partir de los valores que rigen el Bajío zamorano? Más allá de la furiosa acción desatada hacia Mamá Rosa, su fundadora y directora, este trabajo ofrece una descripción amplia y un contexto histórico social, rescatando las voces de niñas, niños, adolescentes,jóvenes, médicos, profesores y otros actores que entraron en contacto con la institución. El lector podrá sacar sus propias conclusiones y ampliar sus reflexiones sobre la manera en la que se percibe y aborda la cuestión de la infancia pobre en nuestro país.

Family Matters Marisel C. Moreno.2012-08-29 Adopting a comparative and multidisciplinary approach to Puerto Rican literature, Marisel Moreno juxtaposes narratives by insular and U.S. Puerto Rican women authors in order to examine their convergences and divergences. By showing how these writers use the trope of family to question the tenets of racial and social harmony, an idealized past, and patriarchal authority that sustain the foundational myth of la gran familia, she argues that this metaphor constitutes an overlooked literary contact zone between narratives from both sides. Moreno proposes the recognition of a transinsular corpus to reflect the increasingly transnational character of the Puerto Rican population and addresses the need to broaden the literary canon in order to include the diaspora. Drawing on the fields of historiography, cultural studies, and gender studies, the author defies the tendency to examine these literary bodies independently of one another and therefore aims to present a more nuanced and holistic vision of this literature.

Crossing Waters Marisel C. Moreno.2022-07-26 2023 Honorable Mention, Isis Duarte Book Prize, Haiti/ Dominican Republic section (LASA) 2023 Winner, Gordon K. and Sybil Lewis Book Award, Caribbean Studies Association An innovative study of the artistic representations of undocumented migration within the Hispanophone Caribbean Debates over the undocumented migration of Latin Americans invariably focus on the southern US border, but most migrants never cross that arbitrary line. Instead, many travel, via water, among the Caribbean islands. The first study to examine literary and artistic representations of undocumented migration within the Hispanophone Caribbean, *Crossing Waters* relates a journey that remains silenced and largely unknown. Analyzing works by novelists, short-story writers, poets, and visual artists replete with references to drowning and echoes of the Middle Passage, Marisel Moreno shines a spotlight on the plight that these migrants face. In some cases, Puerto Rico takes on a new role as a stepping-stone to the continental United States and the society migrants will join there. Meanwhile the land border between Haiti and the Dominican Republic, the only terrestrial border in the Hispanophone Caribbean, emerges as a complex space within this cartography of borders. And while the Border Patrol occupies US headlines, the Coast Guard occupies the nightmares of refugees. An untold story filled with beauty, possibility, and sorrow, *Crossing Waters* encourages us to rethink the geography and experience of undocumented migration and the role that the Caribbean archipelago plays as a border zone.

SEGUIR AL MAESTRO 1 Antonio Francisco Blankendaal. Esta obra, que consta de dos volúmenes, fue elaborada con base en la realidad vivida por el autor durante muchos años de preparación sacramental con adultos y jóvenes en las comunidades del Valle de Jequitinhonha, en el Estado Minas Gerais. Utilizando la metodología catecumenal del Ritual de Iniciación cristiana de adultos (RICA), la propuesta de Seguir al Maestro es insertar a esas personas en la vida de la comunidad cristiana y ayudarlas a descubrir el Evangelio, para que puedan crecer en el conocimiento de Dios y vivir más fielmente el modo de ser y de actuar de Jesús. Este primer volumen presenta el plan general de la obra y busca, en 43 encuentros, dar inicio a la evangelización de los participantes. Para eso, trata de la celebración del inicio del catecumenado y de los pasos principales del discipulado según el evangelio de Marcos. El itinerario sacramental de la iniciación cristiana se concluye en el segundo volumen.

The Changing Spanish Family Tiffany Trotman.2011-08-31 Despite centuries of Catholic conservatism, Spain stands among the Western countries that have recently embraced non-traditional families. A decline in the dominance of extended families, the upswing in single-parent households, and an increase in the number of working mothers have all transformed what it means to be a Spanish family. Many factors have prompted this change, including the end of Franco's dictatorship, the liberalization of society, economic reforms, Spanish feminism, and recent Socialist constitutional reforms recognizing the rights of same-sex partners. This collection of essays examines how authors, filmmakers and playwrights are engaging with changes to Spanish culture, exploring the very redefining of Spanish society.

Para pertenecer a la gran familia mexicana: Erika Pani.2015-04-10 Este libro reseña cómo, entre 1828 y 1917, las leyes de naturalización establecieron lo que los extranjeros tenían que ser y hacer para dejar de serlo, y cómo los encargados del proceso transformaron un trámite burocrático en un espacio de control para un grupo que, aunque pequeño, era considerado peligroso. Por otra parte, las solicitudes de quienes querían pertenecer a la gran familia mexicana no sólo daban pruebas de que cumplían con los requisitos legales. También expresaban las razones por las cuales querían cambiar de nacionalidad, escritas en clave de lo que creían eran las expectativas de las autoridades mexicanas.

LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains. \$domain Public Library provides a variety of

services available both in the Library and online. ... There are also book-related puzzles and games to play.
