**Not Made Visible** Matias Faldbakken, Christoph Keller.2007 Tiré du site Internet de JRP/Ringier : Matias Faldbakken (\*1973) is an artist and writer living in Oslo. Son of the celebrated Norwegian author Knut Faldbakken, he has published two novels, *The Cocka Hola Company* and *Macht und Rebel* under the alias Abo Rasul. Drenched with acid humor and continuously hitting below the waist, his books immediately caused a considerable stir in Norway. If, in these publications, he underlines the differences and similarities between the so-called underground and the mainstream, and between the independent and the commercial in everyday life, these subjects are also central to his art practice. Fascinated with systems of knowledge, power, order, and exchange, he shows an interest in understanding how art and artists can be active participants in these systems.

Faldbakken studied at the National Academy of Fine Arts in Bergen as well as at the Städelschule in Frankfurt am Main. He represented Norway in the Nordic Pavillion at the Venice Biennial in 2005, as well as showing his work in the Wrong Gallery at the Whitney Biennial, the Stedelijk Museum Amsterdam, the National Museum Oslo, the Sydney Biennial and the KW Institute for Contemporary Art Berlin, among others.

*Psychoanalysis and the Unconscious and Fantasia of the Unconscious* D. H. Lawrence.2012-03-27 Extraordinary. Certainly a landmark in the history of psychoanalysis.--Kenneth Rexroth This volume features two profound essays by one of the English language's most famous and controversial authors. D. H. Lawrence wrote *Psychoanalysis and the Unconscious and Fantasia of the Unconscious* in the early 1920s, during his most productive period. Initially intended as a response to psychoanalytic criticism of his novel *Sons and Lovers*, these works progressed into a

counterproposal to the Freudian psychoanalytic theory of the unconscious and the incest motive. They also voice Lawrence's concepts of education, marriage, and social and political action. This pseudo-philosophy of mine, explained Lawrence, was deduced from the novels and poems, not the reverse. The absolute need one has for some sort of satisfactory mental attitude towards oneself and things in general makes one try to abstract some definite conclusions from one's experiences as a writer and as a man. With these two essays, the author articulates his insights into the mental struggle to rationalize and reconcile the polarity that exists between emotional and intellectual identities. Critical to understanding Lawrence's other works, they offer a bold synthesis of literary theory and criticism of Freudian psychology.

*Eating Disorders and Magical Control of the Body* Mary Levens.2002-01-04 People with eating disorders often make desperate attempts to exert magical control over their bodies in response to the threats they experienced in relationships. Mary Levens takes the reader into the realm of magical thinking and its effect on ideas about eating and the body through a sensitive exploration of the images patients create in art therapy, in which themes of cannibalism constantly recur. Drawing on anthropology, religion and literature as well as psychoanalysis, she discusses the significance of these images and their implications for treatment of patients with eating disorders.

*The Sex Appeal of the Inorganic* Mario Perniola.2022-06-02 In *The Sex Appeal of the Inorganic*, Mario Perniola puts forth the radical argument that we are shifting away from organic sexuality, based on desire and pleasure, and moving towards a more neutral inorganic and artificial sexuality, a sexuality always available but indifferent to beauty, age or form. Perniola takes the reader on a tour of Western philosophy, from Descartes, Kant and Hegel to Heidegger, Wittgenstein and Sartre, to reframe our understanding of personal experience and the aesthetic world around us. In order to realize the sex appeal of the inorganic Perniola argues that we must become 'things that feel', we must think ourselves closer to the inorganic, creating an alliance between senses and things. Examples from contemporary culture that, for Perniola, are emblems of the sex appeal of the inorganic, include progressive rock music, fashion, deconstructive architecture and the novels of Georges Perec.

Cyborgs@Cyberspace? David Hakken.2002-06-01 Arguing that humans have always been technological as well as cultural beings, David Hakken calls for a fundamental rethinking of the traditional separation of anthropology and technical studies. Drawing on three decades of research on contemporary technological societies, this book outlines a fresh way of thinking about technology and offers an ethical and political response to the challenge of truly living as cyborgs in the age of cyberspace.

The Elegance of the Hedgehog Muriel Barbery.2008-09-02 The phenomenal New York Times bestseller that "explores the upstairs-downstairs goings-on of a posh Parisian apartment building" (Publishers Weekly). In an elegant hôtel particulier in Paris, Renée, the concierge, is all but invisible—short, plump, middle-aged, with bunions on her feet and an addiction to television soaps. Her only genuine attachment is to her cat, Leo. In short, she's everything society expects from a concierge at a bourgeois building in an upscale neighborhood. But Renée has a secret: She furtively, ferociously devours art, philosophy, music, and Japanese culture. With biting humor, she scrutinizes the lives of the tenants—her inferiors in every way except that of material wealth. Paloma is a twelve-year-old who lives on the fifth floor. Talented and precocious, she's come to terms with life's seeming futility and decided to end her own on her thirteenth birthday. Until then, she will continue hiding her extraordinary intelligence behind a mask of mediocrity, acting the part of an average pre-teen high on pop culture, a good but not outstanding student, an obedient if obstinate daughter. Paloma and Renée hide their true talents and finest qualities from a world they believe cannot or will not appreciate them. But after a wealthy Japanese man named Ozu arrives in the building, they will begin to recognize each other as kindred souls, in a novel that exalts the quiet victories of the

inconspicuous among us, and “teaches philosophical lessons by shrewdly exposing rich secret lives hidden beneath conventional exteriors” (Kirkus Reviews). “The narrators’ kinetic minds and engaging voices (in Alison Anderson’s fluent translation) propel us ahead.” —The New York Times Book Review “Barbery’s sly wit . . . bestows lightness on the most ponderous cogitations.” —The New Yorker

*The Book of Judas* Brendan Kennelly.1991 Brendan Kennelly's *Book of Judas*, a 400-page epic poem in twelve parts, became the number one bestselling book in Ireland. As well as receiving rapturous reviews, Brendan Kennelly won the Sunday Independent/Irish Life Award for the book and earned the ultimate accolade of 'Kerryman of the Year'. Not merely lost but irredeemable, Kennelly's bitterly articulate Judas speaks, dreams and murmurs - of past and present, history and myth, good and evil, of men, women and children, and of course money - until we realise that the unspeakable perpetrator of the apparently unthinkable, in penetrating the icy reaches of his own world, becomes a sly, many-voiced critic of ours. The full-sized *Book of Judas* is no longer available, usurped by *The Little Book of Judas*, a distillation of that literary monster, purged to its traitorous essence.

**Mr Blue** Edward Bunker.2000 Destined to be a bestseller in the tradition of 'Mr Nice' and 'The Guvnor,' this is the paperback edition of Edward Bunker's long-awaited autobiography. It tells the true story of a life that ranges far beyond the imagination of most fiction writers: 25 years in prison, author of four hugely successful crime novels, a spell on the FBI's 10 most wanted list, a role as Mr Blue in Tarantino's 'Reservoir Dogs,' and that's just for starters. With sales already over 5,000 in hardback, this riveting story of a life that mixes crime and culture should sell and sell.

**Management Education and Humanities** Barbara Czarniawska-Joerges.2006 Academics and managers who strive for a humanistic management education usually care for people, but they are challenged by sophisticated intellectual subjects and practical problems. The authors' experience, competence and commitment enables them to present an extensive coverage of important views and an in-depth study of these issues. Eduard Bonet, ESADE, Spain This volume is a timely initiative. It resonates with important questions on globalization and its consequences, on the unrelenting quest for efficiency and productivity, on recent corporate scandals and on the responsibilities of managers and management education. This book is a manifesto for an intellectual revolution. In a complex and open world, managers often bump into the limits of the decontextualized tools associated with mainstream management knowledge and practice. Managers have to navigate in a world that is not only economic but also political, cultural, shaped by history and ethical traditions and preoccupations not only as a mark of social capital but really as a way to enhance their managerial skills and efficiency. The role of management education should be to prepare them for that odyssey and this volume tells us that humanities could be a powerful tool in that sense. This project is served by a highly legitimate international panel of contributors who collectively point towards an alternative for management thinking and management education. Marie-Laure Djelic, ESSEC Business School, France Management Education and Humanities argues that management teachers and researchers seem to be increasingly dissatisfied with the way managers are usually educated in western countries. It claims that educational practices and methods would greatly benefit from reflection on the implicit assumptions and paradigms behind those practices, and debates the role that humanism and humanities might play in the formation of new managerial élites. The book examines three themes that have emerged as central to the contemporary debate on management education: the profession of management; humanism as a philosophy and worldview; and the humanities as an academic field where management schools could find new inspirations for curricula. All three themes are scrutinized in a frame of reference extended between two different points of view: the traditional view, with its tendency to idealize (and even sometimes romanticize) humanism, the humanities and management as a social function; and the past-modern view, which is inclined to skepticism and to the deconstruction of social and cultural phenomena. Providing a lively account of this ongoing debate and exploring new trends and experiences in management education, this book will be invaluable reading for teachers, students and researchers of management, management strategy, and organizational behaviour.

*Why I Didn't Go to Your Funeral* Colin Pope (Poet).2019 Poetry. Haunted and haunting, Colin Pope's bracing poems limn, with armorless and spectacular candor, what it means to be left behind and shaken to the core by a lover's upending illness and suicide. In these risk-taking pages, this new and necessary poet becomes a steely bard, a wide-awake chronicler, and an intrepid philosopher of the word farewell. This brave, go-for-broke first book has a razor-keen beauty and empathy so precise, so powerful and arresting that it's already clear that WHY I DIDN'T GO TO YOUR FUNERAL deserves its rightful place beside the finest literature of grief and mourning.

*Psychoanalysis in the Technoculture Era* Alessandra Lemma,Luigi Caparrotta.2013-07-18 Alessandra Lemma - Winner of the Levy-Goldfarb Award for Child Psychoanalysis! By now the internet and other forms of virtual communication have been in place for at least twenty years. However, surprisingly little has been written about the use of new technologies in the psychoanalytical literature. As such, Psychoanalysis in the Technoculture Era is a timely exposition on the subject of both virtual and analytic space. Bringing together the work of several psychoanalysts, the Editors Alessandra Lemma and Luigi Caparrotta illustrate how new technologies have become an integral part of our everyday lives and how they have silently and subtly permeated the psychoanalytic setting. The contributors explore how new technologies have affected psychoanalytic practice and discuss the advantages and disadvantages of its use. Psychoanalysis in the Technoculture Era unravels some of the meanings of virtual world terms, and opens this field to greater scrutiny, stimulating and promoting discussion about new technologies in psychoanalytic practice. This book will be of interest to the psychoanalytic community including psychotherapy professionals, psychoanalysts, post graduate, graduate and undergraduate students.

**Barney's Version** Mordecai Richler. 2011-12-21 Charged with comic energy and a steely disregard for any pieties whatsoever, *Barney's Version* is a major Richler novel, the most personal and feeling book of a long and distinguished career. Told in the first person, it gives us the life (and what a life!) of Barney Panofsky--whose trashy TV company, Totally Useless Productions, has made him a small fortune; whose three wives include a martyred feminist icon, a quintessential JCP (Jewish-Canadian Princess), and the incomparable Miriam, the perfect wife, lover, and mother--alas, now married to another man; who recalls with nostalgia and pain his young manhood in the Paris of the early fifties, and his lifelong passion for wine, women, and the Montreal Canadiens; who either did or didn't murder his best friend, Boogie, after discovering him in bed with The Second Mrs. Panofsky; whose satirical eye for the idiocies of today's Quebec separatists (as well as for every other kind of political correctness) manages to offend his entire acquaintanceship (and will soon be offending readers everywhere); and whose memory--though not his bile--is, in his sixty-seventh year, definitely slipping . . .

**A Catholic Priest Meets Sai Baba** Mario Mazzoleni. 1994 Don Mario Mazzoleni uses his theological training to examine Sai Baba's miracles and teachings. His doubts dissolve as he learns how Sai Baba's teachings mirror those of his divine master, Jesus Christ. When the Church demands that Don Mario recant for saying that God is alive or be excommunicated, the author said, Institutions do not accompany anyone beyond the grave, the only reality that one can present to God is one's conscience. The Lord who examines our hearts is the Judge!. Don Mario Mazzoleni was excommunicated Sept. 24, 1992.

*The Analytic Attitude* Roy Schafer. 2019-01-31 The analytic attitude ranks as one of Freud's greatest creations. Both the findings of psychoanalysis as a method of investigation and its results as a method of treatment depend on its being consistent to a high degree. Yet Freud offered no concise, complex, generally acceptable formulation of what it is: his ideas, or a version of them, can only be derived from his papers on technique. Taking these ideas as a starting point, and with due regard to the contributions of other analysts over the years, the author rises to the challenge of defining the ideal attitude that he come to aspire to in his work as an analyst. To this end the author discusses not only the analyst's empathy, the need to establish an atmosphere of safety in relation to the dangers the patient perceives when facing the possibility of insight and personal change, but also the concepts of transference and resistance, and the nature of psychoanalytic interpretation and reconstruction.

Gabbard,Krin Gabbard.1999 Psychiatry and the Cinema explores this complementary relationship from two angles, psychiatrists who have studied the movies and movies that have depicted psychiatry. The Zohar Michael Laitman.2009-01-01 The wisdom of Kabbalah teaches us how to perceive and live in the reality that spreads before us. It is a systematic method that has evolved over thousands of years, nurtured by individuals whose task was to ensure that the true wisdom would be given to those ready to receive it. The Book of Zohar (The Book of Radiance) is an ageless source of wisdom and the basis for all Kabbalistic literature. Since its appearance nearly 2,000 years ago, it has been the primary, and often only, source used by Kabbalists. Written in a unique and metaphorical language. The Book of Zohar enriches our understanding of reality and expands our worldview. However, this text should not be read in an ordinary fashion. We should patiently and repeatedly read and think about each sentence as we try to penetrate the author's feelings. We should read it slowly and try to extract the nuances of the text. Although the text deals with one subject only-how to relate to the Creator-it approaches it from different angles. This allows each of us to find the particular phrase or word that will carry us into the depths of this profound and timeless wisdom.

The Active Side of Infinity Carlos Castaneda.1999-12-22 Ordinarily, events that change our path are impersonal affairs, and yet extremely personal. My teacher, don Juan Matsus, said this is guiding me

as his apprentice to collect what I considered to be the memorable events of my life.... Don Juan described the total goal of the shamanistic knowledge that he handled as the preparation for facing the definitive journey: the journey that every human being has to take at the end of his life. He said that what modern man referred to vaguely as life after death was, for those shamans, a concrete region filled to capacity with practical affairs of a different order than the practical affairs of daily life, yet bearing a similar functional practicality. Don Juan considered that to collect the memorable in their lives was, for shamans, the preparation for their entrance into that concrete region, which they called the active side of infinity. In this book written immediately before his death, anthropologist and shaman Carlos Castaneda gives us his most autobiographical and intimately revealing work ever, the fruit of a lifetime of experience and perhaps the most moving volume in his oeuvre.
